County Officials Promise Broadmoor Action

SO WHAT

By Gil Wales

Did you mention rain? Well, at least we haven't heard, "is it wet enough for you?" But were we soaked during the downpours? Had to swim through all of them, and the worst part was the cussed wind. Seemed like it blew the—we were going to say drops, but sheets of water is more fitting—up under our full-length rubber coat.

However, our sympathy goes out to the fair damsels. They really had it rough. We saw many a neat suit ruined by the deluges. As for umbrellas, they weren't worth tinker's toot, not to forget the many that were turned inside out by the sudden gusts, or the coverings ripped completely off.

Wonder what the cost of destroyed nylons amounted to. The violent storms certainly were a godsend to the stocking manufacturers. Runs and snags snapped one a minute during the height of the gales. But with it all Daly City was quite fortunate. We learned from Mayor Paul Green that, although men were called in to free some of the flows, no emergency arose.

But that was not the case in Broadmoor. Our neighboring town was truly buffeted about no end on several occasions. The rain loosened the earth around the homes and then sent it scooting to the streets where it was picked up by the huge flow of water to be piled in mounds, blocking traffic in a number of instances.

One thing, it was easier to understand the havoc after learning that it was the worst downpour to hit this area in seven years. Yes, that's what the weather man had to say after summing up the fall in inches. Nevertheless, there are at least two good sides to it all.

First, the coludbursts were just what the agriculturists ordered. Oh, they didn't exactly like to see them come in bunches and with

COUNCIL PASSES NEW CITY ADMINISTRATIVE OFFICER MEASURE

Appointment Of Official Expected Soon; Will Act As General "Pilot" In Coordinating Various City Activities

The expected fireworks over the passing of an ordinance to create the position of city administrative officer did not appear Monday night as the city coupncil approved the measure.

At the adjourned meeting, before a handful of interested citizens, the council passed the ordinance. Only dissenting vote was that of Councilman Mel Battye, who last week urged that the ordinance be first approved by the people at an election.

"I made my stand clear last week," Battye said. "There is nothing more to say."

Now that the ordinance is passed, the council must wait 30 days before appointing a city administrative officer. The council has several men in mind, and a choice is expected to be made sometime next month or in March.

The administrative officer's chief job will be to coordinate the many city activities, expedite improvements, and act as general "pilot" to city government.

This position differs from the one of city manager, earlier passed by the council and voided by the administrative officer ordinance, in that the new official's power is limited. Before making any major move he must consult with the council.

The officer is to be appointed by the council, and holds office only as long as the council desires. His salary is to be fixed by the council. (No official salary has been set, but it is expected to be from $400 to $500 a month.)

Meanwhile, Battye closed the brief meeting with a report by City Attorney Frank Blum to the people of the Concordia land district.

As he reported last week, Blum said it probably will be possible to prevent the Starlight Theatre Chain people from using Gutenburg and Lowell streets as exits and entrances when the outdoor theater is completed.

DC Employes Group Elect Officers

Meeting at city hall Tuesday night, the Daly City Employes Association elected officers for 1950.

No time was wasted in nominations, however, as all those gathered at the meeting agreed last year's officers should serve another term.

The officials for this year include: Dave Caffereta, president; Joseph Intaschi, vice-president; Mrs. Evelyn Mossman, treasurer and Mrs. Marcie Trier, secretary.

Three Storms Dump Near Eight Inches Of Water Here

Old man weather ran rampant in Daly City and most of Northern California over the past weekend, and when the sun finally made its appearance Wednesday the following had happened:

1. Friday evening gales up to 53 miles an hour roared through the Daly City area, bringing with them nearly two inches of rain.

2. While numerous streets here were flooded, the greatest threat of damage came at 10:40 p. m. when two power lines were blown down at 232 Los Olivos and at Mission and Crocker respectively. Fortunately, both wires were "killed" before anyone was injured.

3. Freak result of the storm came when two burglar alarms were set off. Police answered both alarms at 10:30 p. m. and found that the rain had shorted the wires in the boxes. Besides, it was too wet and cold for any self respecting burglar to be plying his trade, one officer noted.

4. The weather quieted down somewhat after Friday, but Monday night and Tuesday rain came again, bringing 1.48 inches of rain to the Daly City area. While several sewers backed up and streets were flooded temporarily, the real storm hit further down the Peninsula where LaHonda recorded nearly five inches of rain.

5. Another wire was blown down Tuesday at Hillside and Mission, but this was repaired before any damage occurred. A Mr. Winder, 99 Bellevue, reported the grading above his home had been swept away, and his basement was flooded with water. Other residents, especially in Broadmoor and Westlake, had the same complaint.

Looking back on the storm, Daly City old timers believe it was one of the worst in the past 10 years. During the three storm cycle approximately 8 inches of rain fell here, as compared with 4.82 and 3.11 inches for the same time during 1948 and 1949 respectively.

Graduation Story And Pictures To Appear In Next Week's "Record"

Watch the "Record" next week for pictures of the 45 students to graduate Friday, January 27, from grade school into high school.

This is to be the last class to graduate during mid-term, and in its own way is making history.

Not only will the pictures of the graduating classes be published but there also will be a complete story on the commencement.

See your "Record" every week for news of the Daly City-Colma - Broadmoor - Westlake area.

Sunday Shuttle Bus Service May Have To Be Cut

Service soon may have to be curbed on the new Broadmoor No. 76 shuttle bus.

This was the report made to the Broadmoor Property Owners Association last Thursday by Thomas M. Jenkins, transportation chairman.

Jenkins reports that since the new shuttle service went in last December, the bus has lost some $540. As the line is on a three month probation trial, this loss will have to be checked, or it may be taken completely out of service.

Jenkins suggested that possibly the Sunday service could be either cut or whittled down to four hours. This, he said, was the recommendation of the San Francisco Public Utilities Commission.

Jenkins is to meet with the Commission sometime in the near future for a further discussion of the problem. Until that time, the shuttle bus will continue service as usual.

Mayor Green Seeks Tax Savings For Local Citizens

If Mayor Paul Green has his way, approximately one-fifth of Daly City's population will have a county tax saving next year.

In a letter to the San Mateo County board of supervisors, Mayor Green called for elimination of the Colma Sewer Maintenance district within the limits of Daly City. Roughly, this district inside of Daly City, is located south of Citrus and Thiers to the Colma line.

Residents in this area are now paying 18 cents per $100 of assessed property to the county for sewage service.

This same service is rendered citizens north of Citrus and Thiers by the city.

In other words, one-fifth of Daly City is paying San Mateo county for something that the city handles for other residents at no additional cost.

"I want to rectify this wrong as soon as possible," Mayor Green said.

With plans for a new $430,000 sewage treatment plant now going ahead, the residents below Citrus and Thiers should be especially interested in Mayor Green's action.

It is conceivable, that these same people would not only be paying into the Colma Sewer Sewer Maintenance for the sewage unit, but also would be paying Daly City for the plant.

Mechanized "Pig Carrier" Emptied And Scuttled

Hungry thieves today are feasting on $200 worth of hams and bacon they stole out of a Daly City pickup truck last Sunday, before pushing the machine over a cliff.

The loaded truck was stolen from in front of the home of Louis Williams, 437 Niantic, be-

(Continued on Page 2)

Safeway Store Strike Deadlocked

There was no indication from either side today that residents of Daly City soon will be able to shop again in the local strike-bound Safeway store.

The strike started Monday when Local 648 of the AFL Grocery Clerks demanded that Safeway grant a collective bargaining contract for management.

And by the looks of things in the Daly City store, where the manager was cleaning up perishables to ship to a center storage space, Safeway was settling down for a good long strike.

Westlake Mother Reports Attack

Police today were investigating reports by a 21-year-old Westlake resident mother that she was attacked Monday night.

Mrs. John J. Smith Jr., 50 Cliffside drive, mother of two small children, told police that while her husband was driving relatives home from a party at 11:45 Monday night, she went down into the basement, opened

(Continued on Page 2)

Teen-Age Curfew Law To Be Enforced In Daly City Area

In a move to stamp out any possible juvenile delinquency in Daly City, the teen-age curfew ordinance went into effect Wednesday night.

Under this ordinance, passed some time ago, it is unlawful for any young man or woman, under 18 years old to be on the streets after 10 p. m.

However, in his instructions to officers, Police Chief W. W. Sunderland said the law should be enforced only when it is "willfully or unreasonably" violated.

"We have no intention of sweeping the streets clean of all youngsters after 10 o'clock," Sunderland said. "It is alright for young people to be on the street if they have a reasonable reason for being there, such as returning from meetings or a movie."

To date no outbreak of juvenile delinquency has been noted here. However, fearing that some of the young juveniles may come here from San Francisco, now that the Bay City has clamped down, Chief Sunderland thought it wise to enforce the curfew.

Officials Tell Property Owners They Will Fight For Erosion Precautions

Reaffirming their stand of last week, two county officials today said they would do everything in their power to prevent further erosion trouble in Broadmoor.

These statements came as the Stoneson company, builders of Broadmoor, had almost completed cleaning up the streets covered with tons of silt by last week's heavy rainstorm.

The officials, Supervisor Ed McDonald and County Engineer M. A. Grant met with the Broadmoor Property Owners Association last Thursday to discuss the whole erosion problem in the area. Also present was Supervisor Tom Hickey.

The outcome of the conclave was that the officials promised the residents they would contact the Stoneson company and attempt to reach some agreement whereby the streets would be cleaned, and any damage settlements could be worked out.

Grant also said his office would make a complete survey of the area and determine the amount of damage.

"To date this damage seems nominal," Grant told the "Record" today. "It looked much worse than it really was."

However, Grant said he would complete the survey and have figures ready for any further discussion of the matter.

He also stated that much of the trouble was more an Act of God than the fault of the Stoneson builders.

(Some of the 50 men and women who attended last week's meeting, claimed the building firm was at fault for failure to plant the hills behind Broadmoor. They asserted the rain had washed the top soil off of the unprotected hills.)

Grant said that his investigations show the company has been doing its best to plant the hills and take care of the slopes as they have promised.

"Much of the silt that covered Broadmoor came from the long slope where the Stoneson company is now working to put in new houses. The rain was something no one could foresee."

Grant concluded by saying he was sure some agreement could be worked out by the property owners, Stoneson and the county to prevent fourther such erosion difficulties.

McDonald told the "Record" the same thing, and asserted he was certain some "amicable agreement" can be reached between the interested parties.

However, the Supervisor hesitated to say just what type of agreement could be worked out, until Grant's report is completed.

"This, after all, is an engineering problem, and we have to have the facts," McDonald said.

He, too, reiterated that the county would back the property owners in solving the erosion problem.

Hickey was not available for comment, but at the Thursday meeting he told the Association he could get them ice plants to put in the slopes near their homes. He also said he would put the gardener of Highway District No. 10 at their disposal, if they wanted advice on how to do the planting.

When the Thursday evening meeting closed, McDonald summed up the views of the county officials by saying:

"You property owners need not worry, the county will carry the ball."

$156 In Bad Checks Passed At Mission Cannery Sales

A party of three bad check artists "invaded" Mission Cannery Sales, 6001 Mission, last Thursday, and left with a total of $156.66 from two bogus checks.

Store manager Bill Study reported that the three men "dressed in sporty clothes," purchased a small number of goods and then came to the counter.

Two of the men presented checks for $76.84 and $79.82 respectively. The checks were made out by the California Stucco Products Co., 359 Berry street, San Francisco.

The checks were made out to James Tilden and Robert Stout. Both men claimed they to be

TRAFFIC PATROLMEN OF JEFFERSON ELEMENTARY SCHOOL

Seemingly pleased at everything in general, these Jefferson Elementary School Traffic Patrolmen pause for a minute between their daily duty of safeguarding the lives of their fellow school mates. The young men are, left to right top row: Donald Bocci, Richard Schenone, Leroy Berning, Charles Maynard, Gary Deal and John Dennis. Lower row, left to right: Albert Figone, Lowell Creighton, Frank Bertoli, Albert Lagomarsino, Fred Bertetta, Charles Lewis and Robert Rocchi.

Eagles' Drum Corps Is Still Remembered; "Old Timer's Night," February 9th

Only one year after the Colma-Vista Grande Aerie No. 1848, Fraternal Order of Eagles was formed in 1909, the lads got together and set up a drum corps.

But it wasn't any ordinary collection of drummer boys, A. J. Bodien, Daly City's unofficial historian, reports. They were the best in the business.

The 17 experts made so much noise around town that in a fit of pride (or desperation), it was decided to enter them in some state contests.

To no one's surprise, except perhaps for the cranks who preferred quiet cat fights, the drum corps came home with cup after cup. They travelled from San Diego to Eureka and back, and everywhere they went they took a prize.

Of course it just wasn't their ability to make the skins vibrate; they also could drill with the speed and accuracy of the King's Guard. Marching down the street, one of the gents would disentangle a whistle from between his fashionable mustache and blow. The next minute the drummers dispersed in a manner to make a U. S. Marine jealous.

"They were good alright, Bodien recalls. "They won enough gold cups to fill up several cabinets.

But as it must to all things, the drum corps disappeared. Between wives who wanted their husbands at home, and the First World War, the team didnt have a chance.

(Continued on Page 2)

THE EAGLES' DRUMS WENT BANG; AND HONORS CAME

These worthy looking gentlemen are members of the first Colma-Vista Grande Aerie No. 1848 FOE drum and drill corps. Formed in 1909, the team took cup after cup in various state contests. In the front row left to right are: Hector Nespoli, P. Donati, A. J. Bodien, A. Widaski, F. Brickwedel and W. Tang. Middle row, left to right, George Savage, I. Gramucci, H. Rodgers. Francis Bracken F. Tang, E. Nessier and J. T. Doyle. Top row, left to right, W. Grannucci, Harry Peters, J. Spudoni and Guy Coon.

Wash Your Hair Free, Write A Line And See

Everyone can write, and almost everyone can win in the new PiP shampoo Korny Kopy limerick contest.

Now in its second week, the Korny Kopy limerick contest is sweeping Daly City. Why not enter now?

There is nothing to buy or sell, and everything to win, from a two months' to a year's supply of PiP.

See page 8 for full details, and this week's Korny Kopy winners.

Alleged Drunk Driver Hits Woman

Facing charges of drunk driving and hitting a pedestrian today is Joseph R. Keife, 47, 2399 E. 14th street, San Francisco.

The unemployed man allegedly struck Katherine Harrington, 27, 6161 Mission street at 6 p. m. Wednesday as she was crossing Mission at Crocker. Although knocked to the pavement, the Daly City woman suffered only slight abrasions of her right foot, Junipero Serra hospital authorities report today. She was treated there and released.

Police signed the complaint against Keife, and he is now in the Daly City jail. He will be up for trial Friday, January 20, before Judge Wm. J. Sweeney.

Traffic Patrol Boys Guard The Lives Of Their School Mates Each Week Day

Vandals Punch Holes In Westlake House Walls

Armed with a screw driver or an ice pick, vandals Monday evening proceeded to punch holes in the walls of an uncompleted home in the Westlake tract.

Police report the unidentified culprits drove holes through the plaster board in four rooms in a home at 90 Belmont drive.

Works Foreman Hickey did not estimate the amount of damage.

Police said they could discover no reason for such action.

School Board To Consider New Broadmoor Street

Up for consideration of the Jefferson elementary school board tonight, January 19, will be plans for a road to connect Broadmoor with Westlake

The new street, to be located approximately 300 feet west of White street, has been approved by the city council of Daly City.

The school board must now decide whether or not the proposed route, to run adjacent to the new Garden Village school, will interfere with further building expansion. The board plans to put up another school in the near future just

(Continued on Page 2)

Guarding the lives of hundreds of school children in Daly City five days a week are the young men of the Traffic Patrol.

Not too much has been said about these youthful policemen, probably because they are of a type that prefer to do their duty quietly and efficiently.

However, this week Police Chief W. W. Sunderland paid tribute to the young men for the excellent job they have done over the past years. His words were prompted by the graduation of several of the traffic patrolmen from Jefferson elementary school next week.

"I want these boys to know how much we of the police department have appreciated their constant effort to see that their school mates are protected at street crossings," Sunderland said.

At the present time there are two units of the Traffic Patrol One is at Jefferson elementary school and the other is at Our Lady of Perpetual Help school.

Youngest unit is Jeff. This was organized 14 months ago under the supervision of the Daly City police department, and officers Art Linhares and Henry Sunderman.

The two officers instructed the boys as to their duties, and helped to assign crossings for them to guard.

Then the Jeff unit was broken

(Continued on Page 2)

Bad Check Artist Collects In Daly City

Bad check artists made another killing here recently. This time it was at King's Market where owner Abe Miller reports that three bad checks, totaling $76.59 were passed by a couple on January 6 and 7.

The first check was for $50, and the next two were for $20 and $6.59 respectively. Each one was given in payment for groceries and signed by one H. S. Johnson, 523 Midway, Colma.

Residents of that address, however, told police they never heard of Johnson.

In each case Johnson was accompanied by a woman and the checks were given in payment for groceries. They were personal checks drawn on the Humboldt branch of the Bank of America.

However, King's Market officials stated that in each case Johnson was asked to show proper identification, he managed to do so with evidently a phony driver's license and other papers.

JOBLESS FUND

Although California is enjoying an era of booming business and heavy employment the State's unemployment fund has fallen to a dangerously low level. One reason for this is that in the first 10 months of 1949 more than $213 million was paid from this fund — an amount nearly double the payments made during the comparable period in 1948.

The reserve fund in Sacramento is now around $480 million. This may seeem like a very comfortable sum to have on hand but it is considered to be the rock bottom minimum that must be maintained if the fund is to be kept solvent. The result of the crisis in the unemployment insurance setup is that employers are going to be taxed more heavily.

There have been charges made at various times that a great deal of chiseling goes on in connection with jobless payments and that the system is loosely administered. In view of the great increase in claims during a period of relative prosperity it would seem that a thorough investigation into these charges is in order

ABOUT SPEED

A year or two ago the public was given to understand that the task of pushing aircraft beyond the speed of sound was going to be an awfully hard job. It was explained that the air resistance becomes so intense at great speeds that a plane was in danger of being torn apart. Now there is reason to believe either that we were being kidded or that the problem was solved much more easily than had been anticipated.

The recent report, denied only as to technicalities by the Air Force, that the X-1 rocket plane has flown nearly 2,000 miles per hour illustrates the point. This would indicate that there is virtually no limit to the rate of speed that may eventually be attained. But what has become of all that dangerous air resistance?

MID-CENTURY

"Yesterday" the twentieth century began. Today the hurried march of time has already left half that century behind. In the intervening period the world has undergone what is unquestionably the most radical change for any like era in history.

Fifty years ago the airplane was a dream, the automobile a toy. The Wright brothers were primarily interested not in machines that might fly but in their bicycle business, and Henry Ford was a visionary young engineer who dreamed of someday making an inexpensive car. Marconi had yet to discover the miracle of wireless telegraphy and the basic equation which led to the development of the atomic bomb was then unstated by Einstein.

Electricity was in use to some extent but gas light still predominated. The telephone was not an instrument of commerce and convenience but a novel device which lovers might use for private conversations. Hollywood was unborn but the "flickers" which brought it into being were already intriguing the few who saw them.

The great industrial revolution which was to reach unparalleled heights was just beginning to take shape, and the industrial tycoons of those days kept the millions they made for there were no income taxes. From Europe uncounted thousands swept through the immigration stations to new freedom and happiness in this magic land. In the countries from which they came the crowns still rested more or less comfortably on royal heads and the great upheaval that was to topple many of those crowns was not anticipated.

In 1900 conversation was not a lost art and people seemed to enjoy themselves without benefit of the radio or television. The "old-fashioned walk" as we now call it was common and the average person could travel two blocks without the aid of a conveyance. In general, life was placid and quiet, a sharp contrast to the rush and roar of today. In looking back, 1900 seems not 50 years, but 500 years ago. How will 1950 look to those who are here in the year 2000?

GOVERNMENT CIVIL SERVICE TESTS

Following is a partial list of open United States Civil Service examinations which are given publicity throughout the State of California. The necessary application forms may be obtained from Room 129 Appraisers Building, 630 Sansome Street. For examinations which are given publicity in a limited area, the bulletin board in the above offices should be consulted.

SO WHAT

(Continued from page 1)

such vengeance. However, the soil was crying for rain, so the requirements were more than fulfilled.

Secondly, it appears that when we get the rain in an overabundance such as during the last week, the wet season doesn't last very long. Let us hope that is the case this winter, with the result we will be spared a great deal of inconvenience—meaning colds, soaked feet, disheveled clothing and business interruptions. . .

We were afraid the rivery streets would prompt numerous automobile accidents but that was not the case in this vicinity. We learned from Chief of Police Sunderland that motor mishaps were held to a minimum.

By the way, Bill felt pretty good while palavering and when asked for the reason, said that he had just tabulated last week's vehicular accidents to discover the number was way under that of 1948.

There were only two fatalities.

That merits a paragraph, in the estimation of the chief and us. Moreover, he said he couldn't exactly put his finger on the reasons for the falling rate, but contributing factors were greater care on the part of drivers and the excellent patrolling of the cross sections by our gendarmes. . .

While on the subject of motor mayhem, it is well to note that we learned from attorney Thomas L. Bocci, of the firm of Fahey, Bocci and Gallen, that a damage suit has been brought as a consequence of a recent accident.

Of course, we haven't any idea as to who or what was at fault in the accident, but it brings to mind a thought that has been bothering us a plenty of late. That is, too many drivers do not look around enough before turning.

For instance, we will come up to a cross section and the fellow cutting across our path may not look in our direction at all. In some cases, he may have the right of way, nevertheless, he should look and make sure that we are not moving.

Another example, is going from one lane to another. We have run up against a number of men recently who suddenly dart over in front of us and if we were not fast on the draw when it comes to pounding on the brakes, well, who knows what might have happened.

It seems that many of these drivers suffer from carelessness. That is a bad state of mind in regard to anything. Now all that is needed is a thorough look see and most of the trouble would be avoided. . .

Back to the Mayor again, we learned that landscape artist Bernard Dean is working on plans for further developing the three parks hereabouts: Marchbanks, Lincoln and Edgewood. He is expected to finish the task shortly in order to put it in operation after the rains stop.

Then again, Paul announced that he is contacting the Board of Supervisors about the portion of Daly City which lies in the Colma sewer maintenance district. The idea is to have it removed.

Judge Cotton Denies He Is Prejudiced

This week Superior Judge Cotton filed formal denial that he is biased against Hillsborough millionaire James McDonald, in the latter's suit.

The oil fortune heir is fighting an effort of his late wife, Mrs. Doris Ahearn, to secure $1,500 a month support for their son. McDonald claimed that Judge Cotton was prejudiced in the matter, as the judge had at one time given his former wife legal advice.

Judge Cotton denied a close friendship with Mrs. Ahearn.

Following his denial, Judge Cotton ordered a $600 a month temporary payment to Mrs. Ahearn to continue, pending outcome of the case later this month.

Supervisors Refuse SF Airport Protection

San Francisco will have to furnish its own police and fire protection at Mills field.

This was the virtual statement by the San Mateo County board of supervisors this week, following earlier demands by San Francisco that the county carry the costs of protection services.

However, the door was not entirely closed on San Francisco. The Supervisors agreed to hold a meeting with the Bay Area officials to talk over the problem.

Earlier J. H. Turner, manager for the San Francisco public utilities commission, asked San Mateo county for the protection as the Bay city is paying property taxes to this county. However, he added that these taxes come to $75,210, while the expected protection would amount to $89,208.

Traffic Patrol

(Continued from Page 1)

down into two squads, with a lieutenant heading each squad. A captain is in charge of the combined group.

During the week, the squads rotate days to serve at the crossings. There are two patrolmen at the crossings of San Pedro and Alemany; Alemany and Market; Hill and Market.

The boys receive no pay for their work, although they are on duty many hours a week. The only compensation they receive are passes to the two Daly City theatres.

At Jeff, patrolmen are chosen from the seventh and eighth grades. Only young men of the highest calibre are picked for this work.

Upon entering the "corps" each of the boys is given a white safety belt, cap, and raincoat. The captain and lieutenants are presented with badges.

This is primarily the same outfit worn by the 60 or more boys in the OLPH Patrol. They are broken down into five squads, with each boy having one day a week on a specified corner.

As there is no class picture of these young OLPH patrolmen available, the "Record" will have to wait until next June before giving them full credit.

The lads at OLPH have been on the job a good many years before the ones at Jeff. In fact, sometime before the war they were trained by Officer Dave Johnstone.

Their patrol works much like the one at Jeff, although they patrol the corners on both sides of the Daly City Bank of America and the crucial crossings adjacent to OLPH school.

Mechanized "Pig

(Continued from Page 1)

tween 9 p. m. and 12:45 a. m. Williams told police that he'd backed the vehicle out of his garage, but had forgotten to put it back after driving out his own car.

A few minutes after Williams reported the theft, Daly City police heard from the California Highway Patrol that they had located the truck. It had been pushed off a cliff opposite Mussel Rock near Sharp Park.

The truck was recovered, badly damaged, but the hams and bacon were missing.

Police today are tracing a clue given by a couple parked near the cliff. They saw two men push the truck over the rock, but failed to get the license number of their car.

Williams is employed by a large San Francisco meat packing concern, and delivers the hams and bacon to local stores.

their names, and presented identification.

The third unidentified man failed to make a purchase.

Westlake Mother

(Continued from Page 1)

a back door, heard someone call her name, stepped out into the muddy yard and was hit on the back of the head by her unidentified assailant.

The attacker picked her up, threw her over a small picket fence, followed her to her front door, and when her husband drove his car into the garage driveway, the assailant picked her up and threw her into the back seat of Mr. Smith's car, Mrs. Smith told police.

All of this took place during the half hour her husband left to return his brother and sister-in-law home after a dinner party at the Smith house.

Mrs. Smith described the unidentified attacker as being six feet tall, wearing a tweed coat and a caddie cap. She said during the struggle she scratched his face on the left side.

Police today are looking for a man with such scratches.

School Board

(Continued from Page 1)

across the proposed route and east of the Garden Village school.

If the board approves the route for the street, it will be up to the county planning commission to give a go ahead to the project. Then, after several other private and public agencies have approved the route, the street may be built.

Despite this "red tape," officials are generally agreed the street will go in sometime in the near future.

Such a route is necessary as at the present time the only connecting links between Broadmoor and Westlake are Junipero Serra boulevard and Skyline boulevard, both of which are "out of the way" for most residents in the area.

As planned the new street will run 300 feet west of White street on an east-west diagonal between 87th and Highway No. 1.

At some future time an overpass would be built to connect the Garden Village school with the proposed addition to that school across the new street.

Colma Lovchen Club Raided Again Wednesday Eve.

Prompted by recent compiaints of the San Mateo Grand Jury that there was gambling in the county, the sheriff's office raided Lovchen Gardens, Colma, Wednesday night.

It was an old story to Daly City and Colma residents, for over the past few years the Lovchen Gardens have proven to be a center for many a raid.

Sheriff's deputies Wednesday night seized a quantity of lottery equipment and several of the Chinese pi-gow cards.

Wong Chong Lim, 57, 815 Washington street, and Kim Lequ, 1110 Leslie place, both San Francisco, were arrested as keepers of the concern.

Some 100 Filipino customers made good a getaway via a side door, Deputy Sheriff Walter Moore said.

Eagles Drum Corps

(Continued from Page 1)

Soon after 1914 the drummers were but a memory. But the glory still lingers on in the minds of those old timers who make up the back bone of the present Eagles organization.

Even today, Bodien can occasionally be seen tapping out some tune on the top of his desk in the water department. And that isn't doodling he's doing; no he is working out some new drill for the drummers who will never die.

However, the young members need not despair. At the present time the Eagles are forming a new drum corps and drill team which in the near future may do as well as their predecessors.

OLD TIMERS NIGHT

And this brief history is by way of introducing one of the biggest events in the Aerie's history, OLD TIMERS NIGHT. On February 9, in the Aerie hall, 3342 San Jose avenue, the Eagles will do honor to its veterans of 20 and 40 years.

Among those honored will be Bodien and Francis Bracken and Ed Nessier, all of whom held a place in the famed drum corps.

The affair will commence with a roast beef dinner at 6:30 p. m., to be followed by a special class initiation during which members who were officers in the chairs 20 years ago will preside.

W. W. Sunderland will act as Worthy President, William Bolger as Junior Past Worthy President, Eric Diebel as Worthy Vice President, William Wright as Worthy Chaplain, Bert Meritt as Worthy Conductor, Fred Hanel as Inside Guard and John Craig as Outside Guard.

After the class initiation ceremonies, Eagle 40 year membership pins will be presented to: Thomas Allen, Ed Cavagnaro, B. Chiotti, Joe Chiotti, Luigi D'Elia, W. W. Freeman, Leo Kusber, H. C. Lotz, Joe Neere and John Sacaldosis.

Otto Schramm is the general chairman for this event and in addition to the dinner, plans have been made for an evening full of entertainment for the Old Timers.

The Eagles Hay Wire Band will furnish music.

All members who have any friends or relatives whom they would like to propose as candidates are urged to secure application blanks immediately. Blanks may be obtained from Secretary Tom Rae, 6272 Mission, JUniper 4-1610.

Here's the Answer

American Legion Sued By Devonshire Club

A damage suit for $2,000 was filed this week in San Mateo superior court by owners of the Devonshire club against several American Legion members.

The suit arises out of a near-riot at a veterans' smoker staged April 8, 1949 at the Devonshire club west of San Carlos.

Defendants named in the suit include: Bernard McCaffery Post No. 355 American Legion in South San Francisco; Robert O. McWhorter, Bert Elliott, John Cooper and other "John Does."

Club owners, Edmond H. Nieukirk and Sidney Rose, said the Legion failed to limit the size of their party, and during the night the club suffered severe damage.

Around Broadmoor Village
with Verna Duste

Hi! You know, of course, that the question of the week is not—"Does Russia have the A-bomb?" but "Will it stop raining long enuff for my clothes to dry??"

Heading off the proceedings this week are a flock of entries for the "Glad-You're-Better Dept." (Yes, Sam, that's an offshoot of the "Sorry - to - hear - about - it Dept.") Heading off the list is Ted Brunner, new arrival, with his family natch, from Sacramento to Heather road, in Broadmoor. Ted after being a pretty sick guy, is now back to work, thank you, and doing nicely. Likewise not having felt so well (whew!!) is Mr. Hall on Garden lane, who, we are glad to report, is feeling mucho better after his operation. Winding up this very interesting department for this week — John Markman, adjutant of the local VFW post, is recovering nicely from a recent appendectomy.

This week we're going to fool you — by leading gradually up to the Pink-and-Blue Dept. We'll go by way of a baby shower — for a very delighted Ann Stoddard, and held at the home of Irene McClure on MacArthur drive. Guests included Mesdames Fanfelle, Kay Galusha, Dolly Ligouri, Gladys Loken, Geraldine Howen and Therese Shay. Naturally the girls played those silly (but lots of fun!) games that girls do at such occasions.

Well! Here we are!! PINK AND BLUE DEPARTMENT (put in capitals for the benefit of those who only read this section!). The Sheldon Parks on Larchmont, as of December 23, want the world to know that the most wonderful child in the world is theirs — Kristina, 6 lbs. 6 oz.

The Fishers on Wildwood will take issue, however, on the grounds that Christopher Jon, 6 lbs. 14 oz. arrived to them. The Richard Harts have good reason to be proud of the year 1949 — Melinda Ann just made it on December 30th, weighing 8 lbs. 11 oz.

Many-Happy-Birthdays Dept. — Carol Cordano, four years old, celebrated with her friends on January 14th, as follows — Sherry Anderson, Jackie Nolli, Carolyn, Rivera, Sandy Richardson, and Helen Louise Evans.

High up on the list of social doings in Broadmoor for the week was a lovely dinner party given by Mr. and Mrs. Howard L. Richardson, of Louvaine drive. Guests included Mr. and Mrs. Charles Pelletier of Menlo Park and Fred Davidson of San Mateo. Three members of the board of directors of the Broadmoor Property Owners Association were also on the guest list —Mr. and Mrs. Louis Manis, Mr. and Mrs. Donald Hager, and Mr. and Mrs. Thomas M. Jenkins.

Naturally, the Birthday Bridge Club carries on, with this month's meeting having been held at the home of Mrs. Dorothy Goodwin. All members present—Nicky Driscoll, Lynn Lipset, Robin Kelleher, Lee Johnson, Helen Richardson, Ruth Tashro, Ginny Marovich and Mari Jene Kassow. Le Johnson—first prize, and poooooooor Ginny Marovich, booby.

Speaking of Ginny Marovich—that charming lady is again our registrar of voters for Broadmoor Village, and she has asked us to remind you that it isn't too early to register for the voting. Eligible persons may register by calling Mrs. Marovich at JU 5-0844 and making an appointment to call at her home, 1739 Louvaine drive.

Whoops!! Also to be included in the Many-Happy-etc. Dept. is Billy Culbertson, who celebrated his fourth birthday on January 17th with a party for ten of his little friends.

The 87th St. Sewing Club had its regular "stint session" with Emily Hager as hostess — following present—Donnie Golladay, Irene Hess, Mary Hess, Louise Ladd, Emily Hager, and Jeanne Brugge.

The regular monthly Canasta session, sponsored by the Auxiliary of the Veterans of Foreign Wars, will take place at the Colma Community Center on Friday at 12:20. Those invited are urged to come as early as possible, so that play may begin promptly.

Mrs. Jack Gordon on Village lane played hostess to the Garden Village Sewing Club this week, with the members present en masse.

In the "Welcome - Hope - You - Like-Us Dept." this week, we find Mrs. Ford Phelps of Mineral, Washington, who is visiting her daughter, Mrs. Jack Cordano, of Village lane, and her family.

That does it for this week, except for one thing — do you know that the San Mateo County March of Dimes Foundation is at a new low?? No fooling, yet your dimes march, that others may walk!! Selah!!

Castelan, Wheeler To Represent D. C.

Delegates of the 8th Congressional District Democratic Committee meeting Saturday in San Jose's civic auditorium, were listed today by Robert Hardgrove, San Mateo, and Frances Fisher, Palo Alto, co-chairman of the group.

The committee will meet in conjunction with the 8th District Democratic conference to select a Democratic candidate for Congress and prepare a Democratic platform for this district.

The co-chairmen emphasized the public was invited to attend and participate i nthe conference.

Delegates of the committee from Daly City are Julius F. Castelan and George F. Wheeler.

$20,000 Cut From Cloverleaf Award

While work was proceeding on the clover leaf at Alemany and Junipero Serra boulevard today, $20,000 was cut off a $195,000 condemnation award by a San Mateo jury to Irving and Robert Levin, San Francisco building promoters.

The slash was made by Judge Scott Tuesday, who held the verdict excessive. The San Francisco men were awarded the damages, as they claimed they were going to use the land for the cloverleaf for business developments.

Judge Scott gave the owners 10 days in which to agree to the lesser amount. If the San Francisco men fail to take the new sum of $175,000, Judge Scott will grant the state's motion for a new trial of the condemnation action.

The cloverleaf will carry Alemany traffic over Serra boulevard, and thereby eliminate the present intersection.

CASH FOR YOUR HOME

Regardless of condition or age of your home, we'll pay spot cash for it now! If you've considered selling, you'd better act now, while values are at their peak.

COLMA --- BROADMOOR GARDEN VILLAGE

1,500 Homes Project Coming To Colma Soon

Plans for 1,500 homes in the southern end of Colma were disclosed this week by the Standard building company of San Francisco.

Land for the new development is now being surveyed, and work on the homes is scheduled for the later part of this year, A. J. Nardi, company official said.

The new subdivision will be located between Hillside boulevard and Old Mission road and extend from the southern end of Holy Cross cemetery down past the Reichold duck farm.

All of the homes are to be detached and of five and six rooms. Nardi said the price of the houses will be in the financial reach of everyone.

This makes the third large housing project scheduled for the northern end of San Mateo county this year. All of the subdivisions will be multi-million dollar projects and should provide homes for 14,000 persons.

Local Men Give Colma Community Center New "Hat"

Let the rains come and the winds blow, the Colma Community Center, Dunk street, has a new roof and is safe from the elements.

People of Colma, and the Center, can thank the donated work and time of eight local residents for the new topper. The roofing job was completed last Sunday after two full days of labor by professional and amateur roofers.

It all started several months ago when the Center's roof leaked like a sieve. Center officials knew something had to be done, so they gave a series of card parties and raised approximately $300.

But as a new roof cost close to $750, this was far from the goal. Then Bill Degliantoni, owner of the American Roof Maintenance Co., stepped in and volunteered to put the roof on at cost.

The Pabco and Gross companies were contacted and they agreed to furnish all necessary materials for $280. Next Bill got in touch with the Local 40 AFL Roofers Union. They agreed to let Dan McGee, Bill Wester and Andy VanDerr Werff, Bill's crew, do the work on their own time and free of cost.

Bill then put out the call for more workers and George Hopman, building inspector; Angelo Moresco, gas distributor; Till Conserva, Colma Meat Market; Police Officer Augie Benassini and Mervin Flick showed up on the job January 7 and January 15.

Thanks to the aching muscles of the aforesaid gentlemen, plus a great deal of skill and agility, the roof went on the Center.

Here is one case where the people of Daly City and Colma owe a large vote of thanks to men who not only believe in community spirit, but practice same.

Owners Accept Only One Section Of New Water Rate

Only one section of the proposed new water rates suggested by the California Water Service Co. has been accepted by Broadmoor property owners.

The new 70 cent service charge rate only was accepted at the meeting of the Broadmoor Property Owner's Association Thursday. The present service rate is $1.

However, for the present, the owners turned down the .285 per hundred cubic feet up to 26,000 cubic feet rate proposal. The present rate calls for .36 per hundred cubic feet up to 600 cubic feet, and then .2f per hundred for everything over 600.

As there is some controversy in Broadmoor as to whether or not the new rate proposal is higher or lower than present rates, the Association thought it best to put this off for further discussion.

An Association representative has been authorized to contact the California Public Utilities Commission and tell them of the decision.

No date has been set yet for the innovation of the new, lower service rate.

Founders' Day Colma PTA Topic

Plans for the February Founders Day program were the chief topics of discussion at the Colma PTA meeting held Tuesday, January 10, at the Colma Community center.

Mrs. Stella Jensen, unit counselor, told the group of plans she had made for the big event.

Following this report, Mrs. Edward Dennis, president, appointed Mrs. Herbert L. Kern as chairman of the food sale which is to be given the latter part of this month.

It was decided also that the class having the most parents present at the monthly meetings will receive a record of their choice, to be used on the new phonographs the Colma PTA gave the students of Jefferson and Thornton schools at the December meeting.

Meanwhile, the Colma PTA Sewing and Sunshine Group will meet at the home of Mrs. Allan F. Mori, 21 Garden Lane, January 24 at 1:30 p. m. If planning to come, please call Mrs. Mori, PL 5-1235.

Cooperating with the parents and teacher of the 8th grades on graduation day, January 23, will be members of the Colma PTA.

In closing the meeting, Mrs. Dennis asked all parents to attend the dedication of the Garden Village school, February 5 at 2 p.m.

NEWS OF YOUR NEIGHBORS

Mr. and Mrs. Manuel Crispin Aliphat Sr., 342 Woodrow, are the proud parents of a baby daughter. The young miss came into the world just three days after Christmas at the San Mateo Community hospital. When she made her bow December 28, she weighed 7 pounds 14 ounces. Needless to say, she has put on some weight since. The baby has received the beautiful name, Carollyn Cecelia. She has a 1½-year-old sister and a 3½-year-old brother.

John E. Kennedy, 373 Bellevue avenue, recently gave his fifth donation to the San Mateo Blood Bank. This donation consisted of one pint of blood to be used again in local hospitals to save local lives. Those who gave their second donations to the Bank include John Fitzgerald and Fred Bertetta. Walter J. Kaufman, David Franzoia, Clarence Schmidt, all of the Daly City - Colma area, recently gave their first donation.

Broadmoor Center Addition Finished

Completed this week was a $1,800 store room and office addition to the Broadmoor Community Center.

Running along the whole back of the building, the new space will allow additional groups using the Center to store materials. The store room space will be allotted the various organizations at some future date.

The office will be used by the Broadmoor Property Owners Association. It is finished in knotty pine, and is a fine addition to the structure.

The job was done by C. R. Applebee, general San Francisco contractor.

Oklahoma Wants Daly City Man

Facing charges of first degree robbery at McAlister, Oklahoma, today is Marvin Lee (Polly) Morrow, 20, 190 Edgemar street, Daly City.

Local officers picked up young Morrow Monday morning on a warrant sworn out by the Sheriff of McAlister, Oklahoma.

Chief W. W. Sunderland said he did not know what the specific charges were against Morrow, and the young man refused to make any comment.

Pending extradition procedures Morrow is now in the county jail at Redwood City.

Sunday Sermon Topic Announced

Topic of this Sunday's sermon at the Lutheran Church of Broadmoor will be "The Christian's Constant Struggle."

The service begins at 11 a.m. in the Broadmoor Community Center, 87th near White street.

Meanwhile, the newly formed Mothers' Club of Lutheran Church of Broadmoor Sunday school met Tuesday evening at the home of Mrs. Hirshberg. A Bible topic was furnished by the pastor.

The ladies discussed many ways by which their usefulness could be employed in the interest of the Sunday school. Among these were plans to begin a nursery for small children whose parents attend church.

The next meeting of the club has been set for Friday, February 3. All mothers of pupils attending the Sunday school, teachers, and ladies interested in the welfare of the church are invited to attend.

New Street Markers Soon For Broadmoor

Those rusty, chipped street signs in Broadmoor will be replaced soon.

The Broadmoor Property Owners Association reported this week that the signs will be replaced, free of charge, by the Capaphote Co. It was this organization that a short time ago sold the original defective signs at a cost of $336 to the Association.

J. A. Benson, 1016 Gillman street, will put up the new signs.

THE LONG ARM OF THE CHURCH

The Church reaches far in touching the lives and hearts of men everywhere. Its arm is long. Its protection is sure.

The Church is responsible for thousands of hospitals, colleges, and other service institutions. Its missions extend into city slums and to the distant corners of the world. As an agent for the relief of suffering, promoting spiritual education, and contributing to better living, it has no equal.

Can you afford not to have a part in what the Church is doing to spread truth, promote good citizenship, stem the tide of juvenile delinquency, heal the sick, and minister to destitute peoples.

No short-range view of the Church can do it justice, for each separate congregation is one link in a vast chain of enterprises for human betterment.

It is fine to have a part in such a project. It is a duty to one's family and to God to accept a part of this responsibility.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Eagles Plan Series Of Parties Next Month For Teen Age Eaglets

Teen-agers are going to get a break in Daly City beginning next month.

At that time the Colma Vista Grande Aerie No. 1848 and the Ladies Auxiliary, FOE, will begin a series of parties for the teen-age set whose parents are members of the local Eagles.

The first event will be a dance. This is scheduled for Saturday evening, between 7:30 and 10:30, February 11, at Eagles hall, 3346 San Jose avenue.

Young men and women from 12 to 19 years old who have a parent belonging either to the Aerie or the Auxiliary will be admitted to the group.

Admittance will be by membership card in the group. However, the card entitles each teen-ager to bring one friend, and one friend only, whose parents don't belong to the Aerie.

In addition to the dancing, there also will be various forms of entertainment.

Music for the dance will be furnished by the Eagles Hay-Wire band.

And while parents may accompany their children to the hall, they will not be allowed on the dance floor. This dance is strictly for the teen-agers.

All young people who can qualify are urged to register at once for the parties by applying for a card from: Bert Meritt, 56 Bepler street, DElaware 3-2490; Gerald Summers, 349 Peoria street, JUniper 5-0436; Tom Rae, Eagles' secretary, 6272 Mission, JUniper 4-1610.

Members of the committee handling the parties include Bert Meritt, chairman, Gerald Summers, Jack Mona, John Sorensen and Larry Romero, for the Aerie.

Mesdames Jack Monda, chairman, Dolly Lewkowitz, Edrie Summers, Dolores Warren, for the Auxiliary.

Members of the committee will chaperon each teen-age evening party. Requests for cards also may be turned in to any of the committee members.

DALY CITY—COLMA

Relations between Canada and America were the chief topic of a joint meeting of the West of Twin Peaks Lions Club and the Daly City Lions Club Wednesday.

Guest speaker was the Hon. Henry Scott, council general to San Francisco from Canada. Scott is the only council general from Canada in this country west of the Mississippi.

Pointing out that Canada is "dollar hungry," Scott called on all those present to spend as many American dollars in his country as possible.

He asserted that this in turn brings wealth to America, in that those dollars are spent here by Canada for needed materials.

"At the present time America is buying less from our country than we are from America. At that rate there are fewer and fewer American dollars in Canada. And we need those dollars to keep us economically sound," Scott explained.

He also cleared up another point. Although Canada is part of the British Commonwealth of Nations, she is independent of England. His country functions without any aid or orders from across the Atlantic. The only representative England has in Canada is the Governor General, whose powers are only honorary.

Inquiring Parent Radio Series Ends Tuesday

"Popular and Unpopular Children" is the title for the final broadcast of the Inquiring Parent series, on KSMO (1550 kc) next Tuesday, January 24, at 11:15 a.m.

Dr. Luther Woodward, eminent child psychologist and field consultant for the National Committee for Mental Hygiene, will offer suggestions for increasing juvenile popularity, and discuss reasons for unpopularity. The parent education series is sponsored by 17th District (San Mateo county) PTA.

Troop No. 1, Scouts, Join Bird Club

In an effort to learn more about our feathered friends members of Girl Scout Troop No. 1 have joined a bird club.

A national organization, the club also endeavors to give the girls lessons in the ways of plant life.

And while Christmas is still some 12 months away, the girls now are making dresses for old dolls. The dresses will help to renovate the toys, and make them useful for gifts for needy children next Christmas.

Meanwhile, plans now are being made for a concert at the deLeon Music store January 31. All the Girl Scouts from the troop are invited. Watch the "Record" for further details.

Annual Church Meeting Sunday

The annual meeting of all the members of Bethel Lutheran Church, Alemany boulevard and Huron avenue, will be conducted next Sunday.

The work of the church will be given its attention in the morning service, beginning at 10:45. The pastor, The Rev. Herbert P. Schroeder, will preach on the subject: "The Laymen in the Church."

The meeting of the congregation will be held in the evening beginning with a pot-luck supper at 5 o'clock. Reports on the work of the congregation during the past year will be submitted.

A detailed report on the building program will be presented, as well as reports from the various organizations of the congregation.

Happy Birthdays!

Birthday parties celebrated in the Daly City area next week will be held in 10 homes.

Harry, the "happy baker," hopes that in each of the homes there will be the joy and good will appropriate to marking another year. He also hopes that one of his fine birthday cakes will grace the table.

January 20: Edith Garibaldi, 168 Mateo.

January 22: Drena Guaraldi, 173 Clark.

January 23: A. Stanghellini, 147 Mateo; Chirley Davis, 201 Citrus.

January 24: Sara Frank, 1772 Sweetwood drive.

January 25: Bernice Hannah, 28 W. Cavour; Billie Nichols, 104 Garden lane; Mrs. E. Corby, 67 W. Cavour.

January 26: J. Anderson, 81 Vale street; Mrs. Irene Braitsch, 56 Mateo avenue.

Ticklers — By George

"Sorry, Spike, it just wouldn't woik. . . . We live in two different underworlds."

SOCIETY

Mrs. Bruch Given Surprise Birthday Party By Family

With her family gathered around her, Mrs. Martha Bruch, 426 Irvington, last Saturday, January 14, celebrated her 75th birthday.

The party, given as a surprise, was held in the home of Mrs. Bruch's daughter, Mrs. Joseph Gehrig, 342 Irvington.

A long time resident of Daly City, Mrs. Bruch is well known and loved in this community.

Following a birthday party in a room decorated in pink and blue, Mrs. Bruch was presented a pink and white carnation corsage by all those present.

Then her eldest son, Fred, 132 Irvington presented Mrs. Bruch with a fine gift. The gift was from all those family members present.

In addition to her four children Mrs. Bruch was also feted by five grandchildren and two great grandchildren.

Present were Mrs. Bruch's children: Mrs. Gehrig, Mrs. Fred Van Den Hoff, San Carlos; Fred and Paul Bruch.

The grandchildren included: Mrs. R. F. Luce of San Francisco and Edward Gehrig, Beverly Bruch, Carol Bruch and Fred Bruch of Daly City.

The great grandchildren are twins. They are Jackie and Jerry, 11-year-old daughter and son respectively of Mr. and Mrs. Luce.

"Record" Reminiscence

From the "Record" 10 Years Ago
January 17, 1940

The Daly City community players, under the direction of Miss Marie Burton, have been invited to appear at Hayward, January 30. Specialty acts will include Jean Sirvain, Frances Poket and Mary Maloney.

Student body officers for the coming semester were elected at Jefferson High school Friday. New president is Charles Yonan. Other officers include Norma Barker, Betty Morris, Roy Giusti, Harold Bolger, and Eldon Przborow.

Julius F. Castelan, bus line superintendent, reported this week that Daly City buses are now carrying an average of 500 passengers a day.

Mrs. C. Cogeshall's "Sitra" took a first place ribbon in the San Francisco Cat show last Saturday. Miss Dorothy Eason's "Tuyon" came in second in the Siamese class.

Jeff's lightweight cagers, with John Razzari as their captain, met their first legue defeat this semester at the hands of Palo Alto high by 11 to 32. High point man for Jeff was Filios with 4. Razzari, Piesch and Volkman scored 2 each, and Domescus 1.

From the "Record" 20 Years Ago
January 17, 1930

In the race for Queen of the UAOD No. 171 anniversary celebration during April are: Myrtle Augustien, Lillian Ciampi, Marcella Bertoldi, Jean Belli, Leona Pollostrini, Rose Maggi and Teresa Pariani. A splendid array of prospective queens.

At the meeting of the San Mateo County board of supervisors last Monday, plans were drawn up for the proposed Colma sewer district to cost an approximate $250,000. The system will link up with Daly City, and will include sanitary and storm sewers, an out-fall line, and a pumping plant.

The first meeting of the city council in the new year was held last Monday with Mayor H. H. Smith presiding and Councilmen Dalton, Bodien, Sundermann, and Twesten present.

Displaying an almost airtight defense, Jefferson high school's unlimited basketball team defeated the Balboa quintet 9 to 5 Friday. Andy Vireno and Jack Gibbons divided the high point honors with three counters each.

New officers of the Colma fire department include: Peter Benassini, chief; Angelo Benidetti, Tony Graggero, Peter Valenti, Albert Cilicani, Robert Heering, John Callan, Gene Benidetti, and David Arata.

Bridal Shower For Mrs. McLeod

A bridal shower was given in honor of Mrs. John McLeod, Friday evening, January 13, at the home of Mrs. Margaret McLeod, 144 Los Olivos avenue.

Mr. and Mrs. McLeod were married in Daly City January 7.

Many friends of the bride and groom attended. Mr. and Mrs. McLeod's parents are Daly City pioneers. Mrs. McLeod is a daughter of Mr. and Mrs. G. W. Crossland, 145 Hillcrest drive.

Hostesses for the evening were Mrs. Margaret McLeod and Mrs. George Mills. They helped serve food from a table decorated in pink and white and set off with bridal dolls.

Those present included Mesdames Crossland, McLeod, Hershey, J. Migliore, N. Easley, J. Brodie, A. Simmons, L. Simmons, D. McLeod, G. McLeod, M. Reposa, G. Mills, and Misses Lois Hershey, Florence Migliore, Evelyn Smith, Dolores Limville, Patricia McLeod, Maureen Mills.

By Katz

They called him Frankie Machine, and around Chicago's slums he was known as one of the best card dealers in the business.

But Frankie was weak, and after that wound in the army, he needed the dope needle; even more than the love of Molly-O, who helped him try to shake the 35-pound monkey.

Then there was Sparrow, Frankie's pal, who made a living hunting dogs and whose mind was "off balance on one side."

And there are many others in this new novel, **The Man With the Golden Arm,** by Nelson Algren, which is now available at your Daly City library.

Many critics have hailed Algren's latest work as the best fiction to come out of 1949. Unfortunately, this critic will have to disagree, perhaps more on personal taste than on an objective analysis of subject matter and style.

On the jacket of the book are these words: "Here is a poetry of language that makes tolerable the incredible material of lost and betrayed human beings."

There is no denying that Algren is a powerful, if not at times a crude poet. However, I find it impossible to divorce any work, no matter how meaningful in alliteration and style, from the subject. This is more true of prose, which depends on the affect of the total rather than the brilliant blobs of the parts which, for example, are to be found in such unrelated poets as Shelley and Ezra Pound.

But enough of this. It is something for individual taste, and must be decided by every reader.

The principal characters in Algren's novel will remind many of the men and women who floated through the desperately cynical works of John Dos Passos, Elmer Rice and James Farell in the depression 1930s. They are all concerned with finding immediate material happiness which eludes them in the dirt and poverty of spirit in Chicago's slums.

Frankie, for example, is a man who is proud that he can deal cards. But he also has a longing for strength enough to deal from under the deck. In this he fails, as he does to stay away from pain through the dope needle; as he does in striving for love with Molly-O, and as he must in attempting to escape the police for murder.

All of the others, too, are attempting to escape into reality via the back door of civilization. That is, as they are too poor in spirit, intelligence and will power to succeed materially they are forced to turn inside themselves.

Seen from the purely philosophical view, Algren's men and women are understandable. Yet, down to earth they are persons no one would want to know, would go out of his way to meet. Priggish as this view may be, I'm sure it will be shared by the majority of readers.

Still, above and beyond all of this, it can not be denied that Algren understands the slums and their human garbage. While they do not stir compassion in this heart, the author has a comprehension of life which will appeal to many.

And as one critic put it: "The readers who applaud this novel are not entirely vile."

Grace Presbyterian Women's Council Meet January 26

Holding their first meeting of the year January 26 will be the executive committee of the Women's Council of the Grace Presbyterian church.

Following the executive meeting at 11 a. m., at Hanover and Evergreen, a business meeting for the whole group will be held at 1:30 p. m.

Mrs. Lela Frazier, program chairman, is in charge of the program entitled, "What of Migrants."

The Ladies Aid Society, Mrs. Robert Turner, president, will serve a luncheon at 12:30 p. m. Anyone interested in the women's work is welcome.

Meanwhile, the annual congregational business meeting of the church was held last Wednesday, January 12. At that time reports were brought by every organization, and as suspected, fine progress was made during the past year.

The following officers were elected: Stanford Hannah and Raymond Ward, elders; Mesdames Walter Kesler and James Dowell, deaconesses; William Hassett, Harry K. Miller and A. E. Stierl, trustees; Joseph Swan, treasurer; Mrs. Einar Hanson, financial secretary.

Woodrow Wilson PTA Now Has 329 Paid Up Members

By Mrs. E. Goldhuhl

The Woodrow Wilson PTA board meeting was held January 17 at 11:30 a.m. at the home of Mrs. Emil Bertelli, 34 Bepler street.

Mrs. Bertelli and Mrs. Ausano were hostesses for the dessert luncheon and despite inclement weather they had almost perfect attendance.

Following the business luncheon, the regular meeting was held at the Woodrow Wilson school. It was announced that paid up memberships totaled 329 for the year, and during the course of business Mrs. Hanley suggested that two Life Memberships be awarded this year instead of the usual one. This suggestion was met with unanimous approval.

Mrs. Lois Adami had an excellent program for the meeting and introduced Mr. Faulkner, superintendent of instruction, who presented two films of unusual interest. The first dealt with early California life and the second entitled "Seaside Oddities," showed scenes taken from the Motnerey Peninsula.

Mrs. W. M. Cheatham introduced teachers to the parents and welcomed Mrs. Erwin Schmidt, president of the Crocker.

The next meeting is scheduled for February 21.

A report on recent hot dog sales was presented by Mrs. Wilson, who once again called for more assistance in handling these sales. All mothers who are able to give an hour or two on the second and fourth Wednesdays are urged to contact their room mothers.

Girl Scout Stamp Savings Begin

"A Girl Scout is Thrifty" and because she has to "Be Prepared" the camp stamp saving plan was launched this week in all troops in the Daly City - Colma Council.

Under the direction of Mrs. Thelma Hamilton, camp chairmen in the various districts distributed letters and folders to be taken home by brownies and scouts to their parents in order to acquaint them with this plan which has been successfully used the last two years.

By means of buying stamps regularly from now till the camping season opens around July, girls are able to save enough money to attend Day Camp, for Brownies and Scouts or Established Camp Wasibo, for Intermediate or Senior Scouts.

Chairmen for the districts are: Peoria Scout House, Mrs. Dorothy Carr; Parkview Scout House, Mrs. Thelma Hamilton; for Broadmoor and Colma district, Mrs. E. R. Golladay. Two purposes are accomplished by this plan: consistent and purposeful saving and enjoyment of the results of thrift.

Ordinance No. 303

AN ORDINANCE CREATING THE POSITION OF ADMINISTRATIVE OFFICER PRESCRIBING THE DUTIES THEREOF AND DEFINING THE POWERS INCIDENT TO SAID POSITION: AND REPEALING ORDINANCE NO. 293

WHEREAS, it appears that the administrative affairs of the municipal government for which the City Council is responsible might be handled more expeditiously and with better results through an officer, acting on its behalf, whose duty it would be to attend to such administrative affairs between meetings of the City Council, correlate and coordinate various municipal activities, compile data, prepare reports relating to the affairs of the City Government, except those pertaining to financial matters, for the information and guidance of the City Council, and generally to act as agent for the City Council, in the discharge of administrative duties:

NOW THEREFORE, BE IT ORDAINED by the Council of the City of Daly City as follows:

SECTION 1. That there be and there is hereby created in the service of and for the City of Daly City the position of Administrative Officer, who shall be appointed by and serve directly under the supervision and control of the City Council in a purely administrative capacity, and whose powers and duties shall be as follows:

(a) To execute on behalf of the City Council, its administrative supervision and control of such affairs of the City, as may be placed in his charge.

(b) To attend meetings of the City Council with the duty of reporting on or discussing any matter concerning the affairs of the Departments, services or activities under his supervision, upon which in his judgment the City Council should be informed.

(c) To assist the City Council in coordinating the administrative functions and operations of the various departments, divisions and services of the City Government, and on its behalf to carry out the policies, rules and regulations and ordinances adopted by it, relating to the administration of the affairs of such departments, divisions or services.

(d) To analyze the functions, duties and activities of the various departments, divisions and services of the City Government and of all employees thereof and to make such recommendations to the City Council with reference thereto as in his judgment will result in the highest degree of efficiency in the over-all operation of the City Government.

(e) To assist the Mayor, in an advisory capacity, in the preparation of the Annual Municipal Budget.

(f) To act as purchasing agent of the City of Daly City.

(g) To assist in the development and organization of necessary public improvements, projects, and/or programs, and to aid and assist the City Council and the various Departments in carrying the same through to successful conclusions.

(h) To serve as Public Relations Officer of the City Government and to follow through and endeavor to adjust all just complaints filed against any employee, department, division or service thereof.

(i) To cooperate, within lawful limits, with all community organizations whose aim and purpose it is to advance the spiritual and material interests of the City and its people, and to provide them, within lawful limits, with assistance through the City Government.

(j) To make and keep up to date, an inventory of all property, real and personal, owned by the City, and to recommend to the City Council, the purchase of new machinery, equipment and supplies whenever in his judgment the same can be obtained at the best advantage, taking into consideration trade-in value of machinery, equipment, etc., in use.

(k) To receive and open all public mail addressed to the Mayor and City Council jointly, or the City Council, or the City of Daly City, and give immediate attention thereto to the end that all administrative business referred to in said communications and not necessarily requiring Council action, may be disposed of between Council meetings; provided that all actions taken pursuant to such communications shall be reported to the City Council at its next regular meeting thereafter.

(l) To perform such other duties pertaining to his position as the City Council may, from time to time, reasonably require.

SECTION 2. That the Administrative Officer shall act as the agent for the City Council in the discharge of its administrative functions, but shall not exercise any policy-making or legislative functions whatsoever nor attempt to commit or bind the City Council or any member thereof to any action, plan or program requiring official Council action. It is not intended by this ordinance to grant any authority to, or impose any duty upon said Administrative Officer which is vested in or imposed by general law or valid City Ordinance on any other City Commission, Board, Department, Officer or Employee.

SECTION 3. In the discharge of his duties as Administrative Officer, the person holding such position shall endeavor at all times to exercise the highest degree of tact, patience and courtesy in his contacts with the public and with all City commissions, boards, departments, officers and employees, and shall use his best efforts to establish and maintain a harmonious relationship between all personnel employed in the government of the City of Daly City to the end that highest possible standards of public service be continuously maintained.

SECTION 4. The Administrative Officer shall hold office during the pleasure of the City Council. No person elected to membership in the City Council shall, subsequent to such election, be eligible for appointment as Administrative Officer until one (1) year shall have elapsed following the expiration of the last term on which he was elected.

SECTION 5. The Administrative Officer shall receive such salary as the City Council shall, from time to time, fix by resolution or by motion.

SECTION 6. That Ordinance No. 293 entitled, "An Ordinance Creating the Office of City Manager of the City of Daly City and Defining the Powers and Duties of City Manager," and all other Ordinances or parts thereof in conflict herewith are repealed.

SECTION 7. This ordinance shall be published by one insertion in the Daly City Record, a newspaper of general circulation, published and circulated in said City and shall take effect and be in force upon the expiration of thirty (30) days after its passage.

INTRODUCED THIS 27th day of December, 1949.

Passed and adopted as an ordinance of the City of Daly City, California, at an adjourned meeting of the City Council of Daly City, held the 16th day of January, 1950, by the following vote, to wit:

AYES, and in favor thereof, Councilmen: Bertetta, Mooney, Green.

NOES, Councilmen: Battye.

ABSENT, Councilmen: Gaggero.

J. P. GREEN
Mayor of the City of Daly City

NOTICE OF IMPROVEMENT

NOTICE IS HEREBY GIVEN that on the 9th day of January, 1950, the City Council of the City of Daly City, State of California, did adopt a Resolution of Intention, wherein said Council did declare that the public interest and convenience require, and that it is the intention of said Council to order the following work to be done and improvements to be made, to-wit:

That Bellevue Avenue from Whittier Street to Gutenburg Street, including the intersections thereof with Whittier Street, Lowell Street and Gutenburg Street; Frankfort Street from Oliver Street to Gutenburg Street, including the intersections thereof with Oliver Street, Whittier Street, Lowell Street and Gutenburg Street; Edgemar Street from Lowell Street to a point opposite the Southwesterly line of Lot 49, Bella Vista Terrace, including the intersection with Lowell Street; Whittier Street from Bellevue Avenue to Frankfort Street; Lowell Street from Bellevue Avenue to Edgemar Street; Gutenburg Street from Bellevue Avenue to Frankfort Street; Oliver Street from Bellevue Avenue to Frankfort Street, including the intersection thereof with Bellevue Avenue; and all of Mar Vista Drive be improved by grading and by construction of sewers, sewer laterals and appurtenances, Portland cement concrete curbs, gutters and sidewalks, and crusher run base pavement with asphaltic concrete surface pavement.

AND WHEREAS, the said contemplated improvements in the opinion of said Council are of more than local or ordinary public benefit, and said Council does hereby make the costs and expenses thereof and the expenses incidental thereto chargeable upon an assessment district, which district said Council declares to be the district benefited by said improvements and which said assessment district is generally described as follows: Lots 1 to 60 inclusive, Bella Vista Terrace; Lots 6 and 7, Block 1, and Lots 1 to 15 inclusive, Block 2, S. P. Collins Property; Lots 1 to 28 inclusive, Block 2, all of Block 3, Lot 1 and Lots 25 to 54 inclusive, Block 4, Lots 22 to 25 inclusive, Block 5, the Northwesterly 110 feet of Lots 1 to 24 inclusive, Block 7, the Northwesterly 110 feet of Lots 1 to 24 inclusive and the Southeasterly 110 feet of Lots 25 to 40 inclusive, Block 8, Concordia Land Company's Property; Lot 168, Lot 173, Lot 174, Lot 177, Lot 178, the Southeasterly 28.5 feet of the Southwesterly 100 feet of Lot 185, the Northeasterly 78 feet of Lot 185, Lot 186, Lot 189, Lot 190, the Southwesterly 75 feet of Lot 195, and the Northeasterly 103 feet of the Southeasterly 25 feet of Lot 195, West End Homestead Association.

NOTICE IS HEREBY GIVEN that serial bonds which represent unpaid assessments and bear interest at a rate not to exceed six per cent (6%) per annum, will be issued hereunder in the manner provided by the Improvement Act of 1911, the last installment of which bonds shall mature nine (9) years from the second day of January next succeeding the 15th day of October following their date.

Except as herein otherwise provided for the issuance of bonds, all of the above work shall be done pursuant to the provisions of the Municipal Improvement Act of 1913 (Statutes 1913, p. 421, as amended).

NOTICE IS HEREBY GIVEN that the Engineer of Work, pursuant to said Act and said Resolution of Intention, did on the 9th day of January, 1950, file with the City Clerk of said City his report in writing on said improvements, consisting of plans and specifications of the proposed improvemens, an estimate of the cost of said improvement and the incidental expenses in connection therewith, a diagram showing the assessment district, and a proposed assessment of the total amount of the cost and expenses of the proposed improvement upon the several subdivisions of land in said district, and that said Council did on said date consider and examine said report, and by Resolution No. 1191 preliminarily approved and confirmed it as filed without modification, and ordered that said report stand as the report for the purposes of all subsequent proceedings had pursuant to said Resolution of Intention.

NOTICE IS HEREBY GIVEN that Tuesday, the 14th day of February, 1950, at the hour of 8:00 o'clock P. M., at the regular meeting place of the City Council in the City Hall in the City of Daly City, is the time and place appointed and fixed by said Council for hearing of protests in relation to said proposed improvement, and any person interested, objecting to said proposed improvement or to any portion thereof, may file a written protest with the City Clerk of said City at or before the time set for the hearing referred to herein.

For further particulars and more detailed information, reference is hereby made to said Resolution of Intention and said report of the Engineer of Work, on file in the office of the City Clerk in the City Hall, Daly City, California.

Dated: Jan. 9, 1950.

Friday's Goes, Tuesdays' Stays

Woe to the whist players, but the Our Lady of Perpetual Help church whist games usually held on the third Friday of each month are no more.

But wait. All hope is not lost. The regular afternoon games held the first Tuesday of each month at 1:30 p. m. in the OLPH school auditorium, will continue to be played.

So, balancing this good with the bad, there is, as only right, more good to come.

Other evening whist games will (yes, that is correct), be played from time to time at the OLPH school. Watch the "Record" for announcement of these games.

The aforesaid communication reached this page via Father A. McKenna.

D. C. Folk Dancers Form Their Own Club; All Welcome

Dancing right into a club, members of the Daly City folk dancing classes recently formed the "Calico Clickers."

The classes, which have been held for the past 10 weeks in Castle Hall, 7339 Mission street, have proven very popular with local residents. The group is taught by Mrs. Muriel Pabst and husband Ray, and sponsored by the Daly City Recreation department.

Last Thursday the dancers decided that the time had come to really join together. So they formed the aforesaid club and filed for application to the National Folk Dancing Federation.

This was followed by an election of officers who include: Frank Prisco, president; Larry Chadwick, vice-president; Pearl Cain, secretary, and Earl Pregmore, treasurer.

Some of the members then took part in the meeting of the first festival of the Folk Dancing Federation in Oakland over the week end.

Meeting once a week at Castle hall, between 7:15 and 10:30 p.m., the dancers welcome new members. Couples are especially welcome.

There is no qualification for membership, except a love of dancing and a capacity to have fun.

Those interested in becoming "Calico Clinkers" are asked to come to any of the weekly meetings or call President Prisco at JUniper 4-4154.

Mrs. Halvorsen Has 88th Birthday

Celebrating her 88th birthday Friday, January 20, will be Mrs. Otto Halvorsen, mother-in-law of The Rev. John A. Nicholson of the Daly City Grace Church of the Nazarene.

A party will be given at the church Friday for Mrs. Halvorsen by her daughter, Mrs. Nicholson. Many of the family's closest friends will attend the birthday celebration from 7:30 to 9:30 p.m. Also in attendance will be interested members of the church.

At the present time Mrs. Halvorsen is living with her daughter at 498 Woodrow street. She is a native of Nebraska, and well known in that state for her pioneer educational activities.

Mrs. Halvorsen moved to California in 1888 and is well known around Oakdale as a pioneer of that area.

WHAT CHRISTMAS SEAL DOLLARS BUY THIS COMMUNITY

This is one of the numerous mobile X-ray units sent around each city in San Mateo county by the county Tuberculosis and Health Association. Every school from 7th grade through college is visited in the interest of screening tuberculosis, heart disease and curvature of the spine of the students. But $10,000 is needed by this organization to carry on its work. Send your contribution to Christmas Seals, San Mateo, California.

OBITUARIES

ALBERT P. BLECHER

A pioneer resident of Daly City, Albert P. Blecher, 70, Price and Florence, Colma, died at the San Mateo Community hospital last Thursday.

Born in San Francisco, Blecher moved to the Daly City-Colma area early in his life and was active in ranch work. He was retired at the time of his death, which followed a short illness.

Blecher was a member of the Colma Vista Grande Aerie No. 1848, FOE, and during his life active in local affairs.

He is survived by three sons and daughters, all of the Daly City-Colma area. Survivors are Mrs. Rose Cordes, Mrs. Bertha Grace, Mrs. Nettie Schieve, and William C., Lorenz F. and Henry Blecher.

Funeral services were held at the W. C. Lasswell chapel Saturday, and inurnment followed at Olivet Memorial cemetery.

CHARLES SEILER

Charles Seiler, formerly of Daly City, more recently of Brentwood, South San Francisco and Orland, passed away at Orland January 12.

Many of Seiler's friends from Daly City, Sharps Park and San Francisco attended the funeral, which was held Monday morning, January 16, in Orland.

Besides his widow, Mrs. Clara Seiler, he leaves a son, Peter, of Orland; a daughter, Clair Seiler, and a son, Charles Jr., of San Francisco; his mother, Mrs. Anna Seiler, and a sister, Mrs. Les Lyman, of San Francisco.

His brothers are Henry and August Seiler and Walter Lehigh of Daly City; his sister and brother-in-law are Mr. and Mrs. Armond Barsotti; mother and father-in-law, Mr. and Mrs. Peter Casanova of Orland.

His nephews include: Robert and Allan Seiler and Walter Lehigh Jr. of Daly City. Nieces include Mrs. Dolores Fazzio and Mrs. Anita Miedl.

There are also several aunts and uncles.

MILDRED J. MORGAN

A student at Jefferson High school, Mildred Joyce Morgan, 15, daughter of Mr. and Mrs. Frank Morgan, 399 Woodrow street, died after an operation at St. Francis hospital Saturday.

Born in Ross, California, Mildred attended local schools. She is survived by her parents, a brother, William, and two sisters, Peggy and Mrs. Diane Hendrickson.

Funeral services were held at the W. C. Lasswell chapel January 16, and interment followed at the Cypress Lawn cemetery.

Health Light
for Winter Months!

Infrared heat lamps have dozens of heating uses around the house. Every member of your family will find numerous uses for them.

A sunlamp provides ultra-violet rays like summer sunshine. Aids in building strong bones and teeth. On doctor's advice good for babies.

Bright-white light from a new style lamp bulb. Ideal replacement lamp for table lights that seem dim.

Suffer from muscular aches and pains about the shoulders and neck? Bake them out with a heat lamp.

Babies gurgle with delight when their backs are bathed by the soothing, healthful rays of an electric heat lamp. Grownups like this sunny, electric back warming, too. You get this heat quickly and cheaply from electric heat lamps or sun lamps because they are easy to use and cost less than a penny an hour to operate. You will find heat lamps useful too, for warming cold clothing, drying damp hair and helping ward off winter colds.

Sequoia Takes Indian Quintet Scalps; Jeff vs. Half Moon Bay This Friday

By Milton Tromborg

Friday the 13th proved to be an unlucky day for the Jefferson High varsity and 30s. Both teams lost to the champions of the P.A.L., Sequoia, by the final scores of 46-28 for the varsity and 42-26 for the 30s.

This makes the first defeat in the P.A.L. for Coach Orlich, while Sequoia has now won two and lost none.

Jeff started the game off with a bang by putting two quick buckets on the score board. With Jeff holding the lead of 4 to 0, Sequoia came back with two points. Then Jeff racked up a few more points and held the lead at the end of the first quarter, 10-6.

Mark Lowry of the Indians put up a great battle at forward. Mark played almost all the game and was able to rack up a total of 7 points.

Guard Les Nicolini also scored 7 points, but most of his shots slipped out of the basket.

Jack Allain, Jeff's 6 foot 7 inch center, was only able to score 5 points, but his backboard work was fairly good.

Coach Orlich only used six men up to the last few minutes, and then he put in a new starting five.

Just to give you a little idea why the Indians did not score more, I'll try to tell you. In the first quarter, Jeff took 15 shots at the basket and made a total of 3. In the second quarter, Jeff took a total of two shots at the basket, making none.

The second quarter was the downfall of the Indians, for they were only able to take two shots at the basket, and both of them missed, while Sequoia racked up a number of points and took the lead at half time 23-13.

One thing that gave Sequoia the edge in the first half was their ability to hit the basket from anywhere on the court. Height also gave them the edge over the Indians, for most of the players were 6 foot and up.

Sequoia, known for its speed, turned on the steam and racked up point after point in the second half. Jeff just could not stop the champs, but in the last quarter of the game, Jeff came within 12 points of their invaders.

Jeff again will play host tonight (Friday); this time Half Moon Bay will travel to Daly City. The 30s will start off the action tonight at 7:30, while the varsity will get ander way about 8:20.

Come down and see two good high school teams in action. Remember, tonight, at the Jefferson gym, basketball between Jefferson and Half Moon Bay, with game time at 7:30.

SPORTS

Daly City Rod And Gun Club Plans For '50

By James Fox

Yes sir, if the year 1949 was any indicator the next 12 months will be very active ones for the Daly City Rod & Gun Club.

Just a few of their highlights in '49 included a picnic, crow shoot, salmon feed (caught by their own members), deep sea fishing trip and the spectacular rescue of an aviator who parachuted into the ocean, five striped bass fishing trips, deer hunts, trout fishing trips and some fine movies taken in the high Sierras, the state champion liar is included among the members, an excellent installation banquet in December, and the grand finale, the gigantic New Year's Eve party on December 31.

The Daly City Rod & Gun New Year's party was a party to remember. Old acquaintances were restored and new friends were made before the evening was over. The '49er and cowboy dress added gaiety to the party with the prize going to Al Speers, dressed as a tinhorn gambler and his lady known as "Lou." The music was grand, the eats good, and everyone looks forward to a repeat performance next year.

Speaking of next year, here is the program as outlined by the new president, Ed Mierding. There is a fishing trip scheduled for each of the twelve months. They include striped bass, deep sea and salmon trips. Fox, Speers, and Harris are going back into the High Sierras for more trout fishing and movies, and anyone is welcome to go along.

The outdoor All-bore Trophy shoot is again scheduled for July, and the usual amount of trophies and medals will be given away. While on the subject of shooting the small-bore shooters are going to continue to shoot every other Tuesday evening at the Pacific Rod & Gun range. Anyone wishing to shoot .22 caliber is welcome.

A picnic is planned for this summer and two other outings to which the ladies will be invited. Jack Tranberg is already at work on a crow shoot this next month or two. Then, to end the year, of course there will be our annual installation banquet and the big New Year's Party all over again.

Anyone interested in becoming a member of the club is invited to attend a meeting any second or fourth Wednesday of the month. The place is 335 Bellevue avenue, Daly City. For further details contact Ed Nenstiel or Jimmy Fox at the Daly City Hardware store, top of the hill.

CONSOLIDATED SCORES UPSET GAME

Jefferson High Night Basketball League Tied Up: Big Game Tuesday

By Milton Tromborg

Scoring the upset of the season, Consolidated Schools took the Colma Boys Club 35 to 31 in Tuesday night's Jefferson High Night Basketball league.

This is the first defeat in the league for the Colma lads, while Consolidated Schools have won three and lost one.

If, and I do mean if, the Union Liquors can take the Colma Boys Club this coming Tuesday night, January 24, they almost will have the league championship in the bag.

So clear the decks. One game no one will want to miss is the Union Liquors vs. Colma Boys Club tangle January 24 at the Jefferson High school gym at 7:30 p.m.

Should the Colma lads take the Liquors Tuesday, the league can wind up with a three way tie between the Colma team, Liquors and Consolidated. Only four more games remain after Tuesday, and in none of them will these three teams meet.

Now here is a brief resume of last week's games in which the following scores were tallied: Consolidated Schools 35, Colma 31; Veterans' Inn 25, Plumbers 24; Neville Motors 24, Plumbers 19; Liquors 50, Merchants 19.

COLMA VS. CONSOLIDATED

Looking at the game between Colma and Consolidated, we see it was a man-to-man defense that stopped the Colma Boys Club in the second half. The Colma lads held a lead of 20 to 10 at half time and had the ball game going their way. Their shooting was exceptionally good as was their ball handling.

At the start of the second half, Consolidated came right back into the ball game with three quick baskets, while Colma was only able to make one point.

Consolidated closed the gap late in the second half, and finally took the lead of 22-23.

The lead changed here and there during the next few minutes, but when Consolidated went into a Man-to-man defense, they held the Colma lads from scoring.

PLUMBERS VS. VETERANS'

Almost, but not quite! The Plumbers, better known as Tromborg Plumbers, went down in defeat for the fourth time, but not in shame.

Veterans' Inn, said to be one of the best teams in the league, had a lot of worries before the game ended by the final score of 25-24.

With the absence of Jack Rial, the Vets were almost hopeless.

There is no telling what can happen i nthis league, and this game proves it right to the tee. The Plumbers have won only one kame, this being over the Daly City Boys Club.

LIQUORS TAKE MERCHANTS

In the second game played Tuesday night, unbeaten Union Liquors ran their winning streak to five wins by completely out-playing the V. V. Merchants and winning 50 to 19.

This was not even a basketball game, for the Liquors just took their time and scored at will.

At half time, the Merchants were behind 23 to 6. It was not until the foutrh quarter of the game that the Merchants were able to get past the 6 point mark.

There is no doubt that the Liquors are good, for their floor game, as well as their shooting game, is wonderful.

The Merchants' defense was not strong enough to stop them, for the Liquors just went right in for lay-ups and set shots.

High point man for the Liquors was center Lawrence with 16, followed next by Kenny with 13.

Most of the scoring was done off the center spot and from out in the court.

The best way to describe the Union Liquors is that they are fast and can hit the hoop from anywhere on the court. If you want to see this team play, plus the Colma Boys Club, come down to the Jeff gym this coming Tuesday and see these two teams clash. Game time is at 7:20.

Junior Basketball League Opens; Games To Be Played In Gym At Night

by Earle Johnson

Opening this week, the Junior Basketball league shows promise of producing the best set of games in many a year.

While the "B" teams have played their first game, it is too late to make a full report in this week's "Record." Scores will be found on this page next week.

The "A" teams will open their league play Friday night, January 20, in a preliminary game to the Jefferson High school games. Two games will be played at the same time, beginning at 6:15 p.m.

Unconventional as this may appear, the Jefferson gymnasium is large enough to have two courts across the regular court. Thus, the spectators will be given an opportunity to choose the game they wish to see.

In the opening Friday night will be Jefferson vs. Crocker and OLPH vs. Woodrow.

With the playing of these games at the high school we in the Recreation department and the Jefferson school district believe that the league will prove very successful, and not be interrupted by any adverse weather conditions. In the past the boys have had to play on the outdoor courts, but with the rain and the wind it has been discouraging to try and play basketball; so with the use of the high school facilities the boys should have more incentive to play.

It is hoped that in scheduling these games at night the parents will be able to attend and see their sons in action. These games will be held on Fridays and therefore will not keep the children out too late on school nights. However, it will be necessary to play some of the B games on Wednesday night due to the demand on the Jefferson Gymnasium. It should be of interest to parents however to know that these Wednesday night games will be finished before 9 p. m. so the games will not interfere with school night routine.

Mike Orlich and Glenn South are to be thanked for the cooperation they have given the people responsible for the basketball league.

New Arrivals

To the wife of Richard L. Hart, 335 Maddux drive, December 30, a daughter.

To the wife of Frank J. Foster, 327 Midway avenue, January 8, a daughter.

To the wife of Bruno J. Del Castiello, 184 Gambetta street, January 9, a son.

To the wife of William Lake Fisher, 839 Wildwood avenue, December 31, a son.

To the wife of Jack Lawrence Lanning, 46 Cliffside drive, January 11, a son.

To the wife of Donald W. Nunan, 161 Peoria street, January 12, a daughter.

To the wife of Roy W. Pinelli, 1636 Sweetwood drive, January 3, a daughter.

Sunday Games

2 p.m. — Junipero Serra Merchants vs. Hallorans, Marchbanks field.

2 p.m. — Colma Boys Club vs. SFNS, Harrison field.

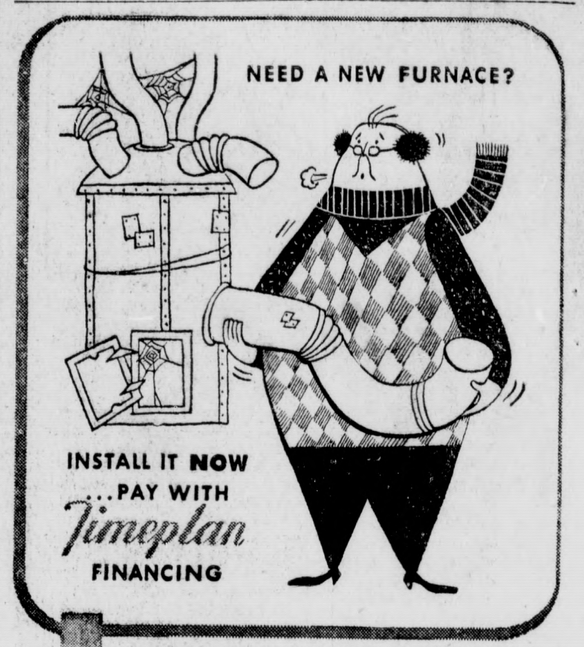

Frank Gove, Tennis Pro. Co-Chairman 17th Dist. PTA Recreation Group

Frank Gove, Peninsula tennis pro, has been announced as co-chairman for recreation for 17th District PTA (San Mateo county).

Gove served as recreation chairman for Laurel PTA (South San Mateo) for two years. He provided free tennis clinics for youngsters new at the game, and arranged other recreational activities for children and their parents.

Mrs. Gregory Davis, 17th District recreation chairman, introduced Gove at a recent executive board session for the county PTA group.

Tom Laramie Makes National Catholic Football Team

Chosen this week for the national Catholic all star football team was Tom Laramie, flashy Serra High school halfback.

Laramie, son of Mr. and Mrs. Thomas Laramie, 57 Cavour, was chosen from all the Catholic high schools throughout the nation for this singular honor. The honor eleven was chosen by New World, Chicago diocesan newspaper.

Following his season at Serra High school this year, Laramie was also chosen as outstanding player on the All Bay Area Catholic football team.

Laramie well earned the honors, as among other things he was the first man ever to chalk up 13 touchdowns in one season for the Serra Padres.

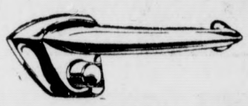

Now that high school football is a thing of the past for the youthful star, he is considering enrolling at St. Mary's college this fall.

ENTER A PIP LIMERICK AND WIN PIP

Contest Goes Into Second Week; Enter Now And Win Many Valuable Awards

They really are a PiP.

What's a PiP?

Why the limericks sent in by readers last week to the PiP shampoo Korny Kopy contest.

What contest was that?

You haven't heard? Why just about everyone is either talking about PiP shampoo or the Korny Kopy contest. It's simple and mighty, mighty profitable. All you have to do is write a four- or five-line limerick incorporating the name of PiP shampoo in the last line.

Are there any prizes?

Boy, are there. Here's how it works. Each week for five weeks, five of the best limericks are chosen by an impartial board of judges. The five winners each receive a two-month supply of PiP.

At the end of the contest five grand winners are chosen, and they get a whole year's supply of the wonderful new shampoo.

But as far as that goes, everyone wins. Every entry is given a large, generous bottle of PiP.

What's more, a smiling gentleman from PiP delivers all prizes and the consolation gifts in person.

You've sold me. How do I enter?

Merely write a four- or five-line limerick. Send it to the Daly City Record (co-sponsors of the contest) at 3317 San Jose avenue. Here the limericks will be judged, and the winners announced each week in the Record.

Let's have an example.

Here's last week's winner:

You wash your hands and face to be neat,
You wash your feet to be discreet.
But to wash your hair,
here is a tip,
You just gotta wash it with "It's a PiP of a shampoo."

That was written by Mrs. Edyth Mowery, 143 Wyandotte avenue. Other winners last week include: Mrs. Joyce Bushard, 507 Brunswick street; Mrs. Camille A. Clarke, 222 Los Olivos avenue; L. Lemon, 267 Los Olivos avenue; Mrs. Keith Swanson, 226 Hillside boulevard.

Consolation prizes go to: Mrs. Lillian Wuotilla, 1921 Brunswick street, and Mrs. T. E. Williamson, 79 W. Cavour street.

And remember this You can send in as many entries as you so desire. Nothing, neither box top nor label is required in this contest, only your limerick.

Come on now, let's sit down and write a PiP of a limerick for a large supply of PiP shampoo.

Neither Fire Nor Rain Daunts Daly City Blaze Busters

The rain poured and Daly City firemen swore when at 11 p.m. Tuesday night they were called out of warm homes to put out a small car fire.

Responding to an alarm turned in by an unidentified local resident, three companies converged on Los Banos and Los Olivos. Through the sheet of rain they saw a 1949 sedan spouting smoke.

Upon closer examination they found the car's carburetor was defective and it had set the engine on fire.

Adding their bit of water to that of the elements, local blaze busters soon had the car fire under control. Damage to the vehicle was slight, firemen said.

With the fire out, hose hoisters returned to firehouse and bed.

The car is the property of B. Griffin, 234 Portola avenue, San Mateo.

SM County Lions To Stage Youth Benefit Dance

San Mateo County Lions Clubs with 1,102 Peninsula members will join in staging their first annual Youth Welfare Benefit dance at the Bay Meadows Clubhouse Saturday evening, January 28. The general public is invited to attend.

Featured in a grand evening of entertainment will be the playing of Ray Hackett and his orchestra, popular broadcasting and recording artists now appearing at the Mark Hopkins Hotel in San Francisco. Ray Hackett is musical director of Radio Station KCBS.

"Proceeds will be used in youth welfare activities," stated Milton Athey, general chairman, "such as sponsorship of scout troops, direct help to needy and handicapped children, sight conservation and aid to the blind, and development of youth recreation facilities."

According to chairman Athey, this is the largest public affair ever planned by all the peninsula clubs. It is being directed by the Peninsula Council of Lions Clubs, the coordinating agency, under the leadership of Joe Territo, president; Frank Traina, vice-president; Phil Hastings, secretary; and Antonio Gaudio, treasurer.

S. F. Conventions Break All Records; $22,129,189 In '49

Conventions to San Francisco are bringing larger profits and more payrolls to everyone living in the Bay Area.

This was the report of the San Francisco Convention and Tourist Bureau's corps today. The group said 115,450 delegates, not including tourists, registered at counters in the Civic Auditorium and hotel lobbies during 1949.

San Francisco's crop of convention delegates, again not including tourists, left $22,129,189 in Bay Area business channels to circulate and make profits and payrolls long after the delegates departed. This is the greatest sum ever deposited in San Francisco on conventions in a year. The 1948 total was $13,049,389.

National delegates by survey stay an average of 5.11 days and spend $26.76 per day, while state delegates stay 4.16 days and spend an average of $21.80 per day.

Vets, That Money Is Only For YOU

Veterans Administration today warned that dividends paid to veterans on their GI Insurance are not assignable under the law, and that dividend checks may not be withheld from them as security for indebtedness due an individual or firm.

V-A issued this warning after noting that some veterans have directed that their checks be certain business establishments in various localities.

V-A said the agency has no choice but to honor such requests, since the veteran has the right to have his check mailed to any address he designates.

TEST YOUR I. Q.

1. How many people in China have recently fallen under Communist control?
2. What per cent of U. S. children now complete high school and college?
3. How much faster than sound has man traveled in a plane?

4. What is the name of a new republic recently formed in the Southwest Pacific?
5. What great business organization did J. Pierpont Morgan found?

Vic Vet says

Answers to TEST YOUR I. Q.

1. Four hundred fifty million—about three times the population of the United States.
2. About 40 per cent finish high school, and 7 per cent college.
3. The Air Force's X-1 rocket plane was reported unofficially recently to have flown three times the speed of sound—or almost 2000 miles an hour.
4. The United States of Indonesia.
5. The U. S. Steel Corp.

Teller Faces Burglary Charge January 23

Roy Teller, already facing a charge of murdering bookie Martin Breslauer, also is to be charged January 23 with burglarizing a Belmont cleaning firm of $2,000 worth of clothing.

Teller, and two others accused of the burglary, George Silva and Joseph Hidalgo, will appear before Superior Judge Cotton in the San Mateo Superior Court.

The burglary of the American Cleaners took place last November.

New Plymouth Now at Carl Haas Motors

The Plymouth Special DeLuxe four-door sedan, one of nine new models, is shown above. The car contains important styling changes and improvements for safety and comfort. Its high compression engine and many mechanical features provide lively, economical performance.

• • • • • •

Plymouth Has New Look Both Coming and Going

The 1950 Plymouth car, with important styling changes and improvements for safety and riding comfort, will go on display in dealer showrooms throughout the country January 12.

There are new lines in the silhouette which give the new Plymouth a longer, lower, more streamlined appearance. The changes are readily apparent whether viewed from front, rear, or side.

Rear fenders, which are bolted on for economical removal in case repairs are necessary, have been restyled and lengthened. A larger rear window on club coupes and four-door sedans, slightly greater over-all width, and alterations on the rear deck provide a longer, heavier, road-hugging appearance for all models. The grille has been simplified and made more massive. It consists of two large horizontal bars with a curved-down top member and a single vertical bar at the center. Above the grille the Plymouth name plate appears in larger block letters, and a bigger, more colorful medallion has been placed over the name plate.

Described as "Packed with value and ready to prove it," the new Plymouth was characterized by D. S. Eddins, president of Plymouth, as "The greatest car value we have ever offered the public."

"When we speak of value," Eddins said, "we mean that we have combined beauty with sensible styling, that we have achieved big-car performance with small-car economy, and that the mechanical excellence of which we have always been proud has maintained its high level."

The front and rear tread have been increased, a factor which increases stability, eases tire loading stress on curves, and enhances the car's general appearance. Thirty-two per cent larger than on previous models, the new rear window increases visibility and its lines blend into the car's new streamlining motif. The window is set in a newly designed locking rubber seal.

There are larger bumpers on both front and rear. In addition to providing greater protection for the grille, rear deck and fenders, the bumpers add materially to the general appearance of massiveness.

The theme of simplicity which has been carried out in the medallion and name plate on the front has been continued in the ornamentation of the rear deck. The block-letter name plate, the license plate light ornament, the license plate recess, and the T-shaped luggage compartment handle are styled to accent the car's low, sleek lines. Combination tail lights and stop lights are set into each rear fender.

The redesigned instrument panel provides new backgrounds of transparent gunmetal on spun aluminum for the gauge dials, speedometer, radio dial, and clock. The gunmetal finish is also used on the radio grille screen. There are larger rotary switch knobs which are easier to operate.

Features for performance, comfort and safety which were previously introduced in the Plymouth line have been retained. The car has characteristic interior roominess, ample head and leg room, and wide, deep chair-height seats. The six-cylinder, 97-horsepower engine has a 7 to 1 compression ratio. The combination ignition and starter switch, automatic electric choke, super-cushion tires, safe-guard hydraulic brakes and safety-rim wheels are among the "high-priced car" features contained in the new Plymouth.

Many *Exclusive* Features Every Week! THE DALY CITY RECORD

ROVING AROUND THE COUNTY

Deputy Coroner Clerk Frances Cann Dies

Funeral services were held last Saturday for Frances Cann, deputy county clerk since 1941, who died at St. Luke's hospital, San Francisco, early Thursday morning.

A native of Prairie Grove, Arkansas, Miss Cann came to Redwood City after serving in several public offices in that state. Highlight of her Arkansas career was in 1937 when she became secretary to the Arkansas commissioner of revenues.

Miss Cann is survived by her sister, Mrs. Jeanne Baker, with whom she was living until her death, four other sisters and two brothers.

Miss Cann had been ill several months and was on sick leave from the county clerk's office.

The funeral services were conducted from the Laying and Tinney Chapel, Redwood City. Burial was in Alta Mesa cemetery.

Next Hearing On SP Fare Boosts Set For Feb. 15

Following threats by Southern Pacific officials to either curb service or call for interim rate increases, the hearing on the railroad's requested Peninsula rate increases will open in Redwood City February 14.

The third day of the hearings in San Francisco concluded last Saturday with the promise by representatives of the Peninsula commuters that they could finish their case within two or three days when the hearings are resumed in February.

Railroad counsel E. J. Foulds said the SP was losing about $3,000 a day on present commute service. He added, however, that the interim rates would not be requested if the matter is settled in February.

The SP is asking for a $540,000 increase in commute fares up and down the Peninsula.

San Bruno Mayor Retires; Two Candidates To Run

Come April, San Bruno residents will find the names of Wilson Dills, insurance dealer, and John J. Murphy, incumbent councilman, on the ballot for council seats.

However, the name of Mayor Edward McGuire won't be on the ballot for the first time in 22 years. He's retiring from politics to devote more time to personal affairs, it was learned this week.

During his 22 years on the San Bruno city council, McGuire served 16 years as mayor.

Dills, with his wife and daughter, resides at 777 Cypress avenue, San Bruno. Dills, who is 30 years old, spent five years in the army, and if elected will be one of the youngest men ever to serve on the council.

A pioneer resident of San Bruno, Murphy first served on the council in 1940. Out for two years, he ran again and was elected for his second four-year term in 1946.

The list of men now running for the three council vacancies include: William Maurer, Dills, Murphy, and Eddie Nation, San Bruno paint dealer.

Fight For Half Moon Bay Breakwater Continues

Although congress has turned a cold shoulder, backers of the proposed $5,000,000 coastal breakwater for the Half Moon Bay area haven't given up hope.

This week the committee resolved to send some 20,000 post cards to Washington urging appropriations for the coastal project. Thomas Callan, member of the county harbor commission, has donated $200 toward the purchase of post cards.

Congressman Jack Anderson said there was a remote possibility congress might appropriate at least some of the money for the project. However, no mention of it is made in the 1951 appropriations list of the army engineer corps.

Deadline Announced For UC Law School Fall 1950 Term Applications

Applications for admission to the 1950 fall term of the School of Jurisprudence on the Berkeley campus of the University of California must be filed at the school not later than May 1, Dean William L. Prosser has announced.

The attention of prospective applicants is called to the fact that since new facilities are under construction for the school, it will be possible to take a somewhat larger entering class than heretofore.

Full information concerning entrance requirements and times of filing is contained in the Announcement of the School of Jurisprudence which may be obtained from the Secretary of the School, Berkeley 4.

Freedom Of Expression And Henry Miller

By RIDGELY CUMMINGS

A short time ago when maiden aunts were busy selecting picture books to give to young nieces and nephews, the more intolerant section of Berkeley's active intelligentsia got together and tried to ban "Little Black Sambo" from the bookstores.

Their motives appeared to be of the purest. They claimed the words and actions of little black Sambo helped perpetuate racial prejudice.

But wiser heads prevailed and the book ban was not successful. The reason the campaign died aborning was that it rapidly became apparent that the same line of reasoning demanding that "Little Black Sambo" be made illegal could logically be extended to many other books, toys, games, passing from the province of the child to that of the adult.

Such a ban would have been another step toward the limination of mental freedom. In an age such as ours when many self-appointed censors are lurking in the bushes, anxious to tell us what books we may read and what pictures we may see, any such proposed foothold of local censorship is a threat to freedom of the press and freedom of expression.

Who's Down Now

I haven't read "Little Black Sambo" and didn't even know about the Berkeley hullabaloo until I got talking with some campus satellites about the Henry Miller case. It was interesting to note that some who were most indignant about "Sambo" were quick to jump to my side of the argument when they learned the federal government wants to burn two of Henry Miller's books. It makes a difference whose ox is gored or, as the saying goes, who's down now.

The books in question are "Tropic of Cancer" and "Tropic of Capricorn."

Sometime between now and March representatives of the government hope to secure court permission to destroy these two autobiographical novels which were written by Mr. Miller, one-time Parisian expatriate and writer for the magazine "Transition," which was published abroad. Mr. Miller now leads a sedate life in his mountain retreat in the Big Sur country with his blonde wife Janina and their two blonde children.

The two books were mailed into California from Paris by a visiting Stanford professor named J. Murray Luck. Professor Luck didn't know the books were considered obscene by our custom officials. All he knew was that a friend had asked him to buy them and send them over.

The government seized them and probably would have burned them as a matter of routine if the American Civil Liberties Union had not got wind of the matter. Ernest Besig, executive secretary of the ACLU, doesn't believe in book-burning, whether it is done by Hitler or over here, so he and the ACLU are fighting the case.

Defense Prepared

Mr. Besig prevailed upon George Olshausen, one of our more brainy legal beagles, to handle the defense. Olshausen is a top-flight lawyer whose services are in great demand — he is now defending Vincent Hallinan on the six months contempt of court sentence Mr. Hallinan incurred during the Harry Bridges trial — and I suspect the Miller book case has been postponed so often because the defense attorney is extremely busy.

That is only conjecture however. All I know for sure is that Olshausen told me the "Tropic of Cancer," "Tropic of Capricorn" case will be heard in federal court sometime between onw and March 30. He guarantees it will take place before April Fool's Day.

The prosecuting attorney, according to George, will be Deputy U. S. Attorney Reynold H. Colvin.

The issue will be whether or not the two books are obscene. George has promised to supply me with a copy of the complete text of the charge and in a future column I will pass along the details to the readers of these essays.

Menwhile, as a closing thought, let we quote for you a sentence written by a man who is supposed to be an authority on censorship (though I must confess I never heard of him until I began looking up material for the Miller defense). The man's name is Theodore Schroeder and he writes:

"Obscenity does not exist in any book or picture, but is wholly a quality of the reading or viewing mind."

Do you agree with this point of view? If you do, write the editor and maybe he'll give me a raise.

See 1950 Ford Trucks Now At Neville Motors

The new 1950 Ford truck models are now being displayed by Neville Motors, 7360 Mission, J. D. Ball, manager truck and fleet sales department, Ford Division, Ford Motor Company, announced today.

The 1950 line, Mr. Ball said, offers more than 175 models, a considerable increase over the 1949 line-up, representing the largest selection of trucks in Ford history.

Featured in the 1950 model trucks are 21 engineering, design and manufacturing advancements contributing to more efficient, economical performance and lower maintenance costs.

Special attention has been paid to engineering improvements contributing to longer life.

The 1950 models are powered by the 226 cubic inch, 95 horsepower six cylinder Ford truck engine; the 239 cubic inch 100 horsepower V-8; the 337 cubic inch 145 horsepower V-8 and a recently developed 254 cubic inch 110 horsepower six. This engine used in the F-6 series is the most powerful six-cylinder engine ever built by Ford.

A new four-speed silent transmission that eliminates double clutching is standard equipment on the 254 and an extra heavy duty clutch is included.

HEROIC RESCUE IN MID-AIR—Sgt. 1st Class Marvin O. Smith (inset) a veteran parachutist of the 82nd Airborne Division, by his heroic action and quick thinking saved the life of a fellow trooper during maneuvers at Eglin Air Force Base in Florida. High in the air the 'chute of Paratrooper Charles J. Dye collapsed and as he shot downward Smith grasped the lanyards and held his comrade suspended until they reached the ground safely. Sgt. Smith was called to Washington and presented the Soldier's Medal by Secretary of the Army Gordon Gray. Above is an artist's drawing from a photograph made during the rescue. (Released by the Department of Defense).

GOOD AS NEW—Even canine friends take interest when Struppi, 3-year-old dachshund living in Berlin, clip-clops along the street. Struppi's owner, Mrs. Helene Kugel, straps on the artificial limb worn by the dog in place of the right foreleg he lost when hit by a car two years ago.

School Land Suit Comes Up March 6

A suit condemning the proposed site at Hillside and Market streets for a new Colma school, will be heard in San Mateo Superior Court March 6.

This announcement came from James Snell, school superintendent, today.

Condemnation proceedings against the property were started several months ago, and at the present time the only thing holding up construction of the upper grade school is title to the land.

The school will consist of eight classrooms and an administrative unit for children in the upper grades. It is expected when this unit is completed, the "swing-shift" education in Daly City-Colma will be a thing of the past.

Snell reports the State Department of Architecture has given its final approval on plans drawn up by the building's architect, Mario Ciampi.

IN THE PINK — Fine pink whipcord receives elegant treatment by a London designer in a smart mid-winter coat that combines warm comfort with grace of line. Bell-shaped sleeves, diagonally cuffed pockets, and the flattering "bolster" collar are featured in the flare-backed belted coat.

Census To Bring California More Representatives

California will gain eight new members in the House of Representatives when seats are reapportioned after the 1950 census is tabulated, Congresswoman Helen Gahagan Douglas predicted yesterday.

Mrs. Douglas, now a candidate for U. S. Senator, said that the added representation will give the people of California a greater say-so on national and international issues in Washington than ever before.

Other facts and figures revealed by Mrs. Douglas about the census taking operation, scheduled to begin April 1, were that:

It will take approximately one month and the services of some 10,000 people in this state.

One enumerator will be employed for each thousand residents to be counted and one clerk for every 27,000 citizens.

There are now three permanent census bureau offices located in Los Angeles, Oakland and Sacramento with 19 temporary offices to be opened throughout the state to handle the extra load.

Applications for the temporary positions, according to Mrs. Douglas, will not be accepted until early in 1950. Appointments will probably be made some time in March, she said.

Full details covering dates, application, etc. will be published in the "Record."

It's A PIP!

SF Woman Suffers Achilles Trouble

Probably the closest "shave" of the year happened to a San Francisco woman on Knowles street last Thursday noon.

Mrs. Leona E. Lombardi, 265 Ottawa street, had just parked her car on Knowles off of Mission. She got out of the machine, and was proceeding to go around the front to reach the sidewalk when she saw another car coming east on Knowles.

The next moment she let out a loud "Ouch."

Driver of the other vehicle, Edward Lienlokken, 77, 325 Knowles, slmmed on his brakes, and getting out of his car went back to Mrs. Lombardi.

"You struck we with your car," she exclaimed.

"I didn't know it," he answered.

Then police arrived, and Mrs. Lombardi was taken to the Junipero Serra hospital, treated and released.

Treatment was for a small cut she had suffered on the back of her heel, where allegedly the car driven by Lienlokken had struck her.

IRISH ARRIVALS—Clutching their dolls as they came into New York harbor on the S. S. Washington, these two young colleens still kept memories of their native Belfast imprinted on their faces. Five-year-old Patricia O'Ragan, left, and her sister Irene, 3, joined their father in Chicago.

DISCUSSES WHOOPING COUGH—Dr. Pearl Kendrick, of Michigan, one of the world's best authorities on whooping cough, visits Dr. S. P. Bedson, professor of bacteriology at the London Hospital, England. Dr. Kendrick is discussing the use of vaccines in dealing with the infectious disease.

Proctor Patterson Jones

January 18, 1950

Dear Son:

In our last two pieces of correspondence we considered the pre-election activity of some faithless incumbents and we discussed the types of public enemies who threaten our representative form of government. You will remember that we spoke particularly of the communists and their most efficient helpers, the dishonest public servant.

The different forces which affect the election of candidates are important for you to understand. These forces include: the good; bad, and unorganized.

Good forces may be recognized usually because of their open endorsement of candidates. They include the newspapers, the labor unions, civic organizations, and special voters groups. You may not always agree with them, but at least it is possible for you to know who they are and for what they stand.

Bad forces are evasive, and cunning. They are masters of double talk, often operating behind a high sounding name. They back their "stooge" candidates with "shakedown contributions". Their tactics are smear and intimidation.

Seeking privilege to operate outside the law, they dont want candidates who would enforce the law.

The unorganized forces are those not primarily formed for political purposes. They include church groups, service and fraternal organizations, neighborhood improvement and parent-teachers groups. However, these forces in the past have challenged unfaithful public servants.

Success in these instances depended on timely coordination. Failure resulted when the last minute haste with which they attacked the rotten situation found them ill-prepared to combat the crafty and shameless opposition.

Because representative government depends on efficient and honest operation for its very life, I hope that when you become a voter you will carefully weigh the above considerations when you study candidates and the people who support them.

Your loving father

The Next Traffic Fatality will cost a LIFE

IT MAY BE YOURS! "Live and Let Live"

The appaling toll of traffic accidents on our streets and highways is a horrible abuse of our inalienable rights as citizens to go wherever fancy takes us. "Courtesy of the Road" is something most motorists never heard of. A little courtesy shown "the other fellow" may save a life, prevent an accident, and help remove this shameful blot on our national honor.

Somebody You Know?

A few hours ago these people were a happy group on the way to their vacation. Sudden death, coming suddenly, snatched their irreplacable lives from this earth. You can buy another car but you cannot buy another life. Don't let DEATH be your vacation. If "Death Takes A Holiday" try to make sure it is not YOUR holiday.

Don't Let This Happen To You!!

PLEASE DRIVE CAREFULLY! HEED THESE WARNINGS!

SEWING MACHINE GUARD

FACING A SPOKED HAND-WHEEL WITH A CARDBOARD GUARD REDUCES THE CHANCES OF INJURING A CHILD'S FINGERS.

GARAGE LOCK

A PADLOCK IN A HOLE DRILLED THROUGH THE LOCKING BAR, WHICH PROJECTS THROUGH THE TRACKS, PREVENTS RELEASE OF THE HANDBAR.

SM County March Of Dimes Fund Now Underway

San Mateo county's annual March of Dimes campaign got underway this week with the reappearance of the familiar Dimes containers on the counters of business establishments all over the peninsula area.

Steb Teal, newly appointed president of the local chapter of the National Foundation for Infantile Paralysis, said that this year's drive is being geared to top the record breaking amount raised during last year's effort.

Teal said that although 1949 did not have the staggering number of polio cases as those of the epidemic of 1948 there was still a need for increased funds this year to pay for patients still requiring long and expensive therapy. He urged residents to give at least as much as last year.

J. Hallinan, retiring this year after many years as president of the County Dimes chapter, has offered his services to help the current drive. In the distribution of the counter containers, Hallinan will be aided by public spirited citizens representing every peninsula community.

The container this year, according to Hallinan, is one of the most unusual yet designed, being a miniature cardboard reproduction of an iron lung.

Hallinan said that store owners can cooperate with the drive by placing their Dimes container in a prominent place near the cash register.

Claude J. Hirschey, former San Mateo mayor and treasurer of the San Mateo foundation, asked that peninsulans make as many contributions as they can afford whenever they are shopping and run across a coin collector during the two week drive.

AT LIONS' DANCE

Ray Hackett and his orchestra will be the featured players at the giant San Mateo Lions Club Youth Benefit dance at Bay Meadows Clubhouse Saturday, January 28. The 17 Lions Clubs of the Peninsula, including Daly City, are taking part in this benefit dance for needy and handicapped children.

WAVES Welcome On The Waves

A limited number of young girls between 20 and 31 years of age are being selected for the Navy Waves.

Navy experience opens new doors of opportunity to you. Navy Waves may receive technical training in varied fields, such as: hospital technicians, tower control operators, and air hostesses.

As a Wave you may be assigned to duty at shore stations overseas, as well as in the United States. Wherever you may be stationed, you will find new and stimulating surrounding for both work and play. New interests, new loyalties, and new friends.

You will be eligible for the same ratings as Navy men of similar service and experience. You will draw the same pay. You will have the same opportunities to qualify for promotion.

For complete information call or visit the Navy Recruiting Station, Post Office building, San Mateo. Phone DI 4-2781.

Lutheran Hour Speaker Dies

By The Rev. Max Zschiegner

The Bible says (Daniel 12:3) "They that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars forever and ever."

Dr. Walter A. Maier, world famed speaker on the "Bringing Christ to the Nations" program called the Lutheran Hour, was called to his eternal rest Wednesday, January 11.

Walter Arthur Maier was born in Boston, Massachusetts, on October 4, 1893. He studied for the ministry at Concordia Collegiate Institute, Bronxville, New York, and held degrees from Boston University, Harvard, and Concordia Seminary, St. Louis.

The Lutheran Hour program, at the time of his passing, was broadcast in 35 languages over 1200 stations in the United States and almost 50 foreign nations!

The whole Christian world joins in the mourning of the passing of the man of God who fearlessly proclaimed the everlasting Gospel message of sin and grace.

Radio audiences in the last years is estimated at from 15 to 20 million persons weekly! In this area the Lutheran Hour was regularly heard over KFRC, KLX, KRE, and KGO.

TB Health Group Needs $10,000

To carry on the work of screening tuberculosis, heart disease, and curvature of the spine of Daly City students, $10,000 is needed by the San Mateo County Tuberculosis and Health association.

It is not too late to send in YOUR Christmas seal dollars to keep this service coming to Daly City. The schools, industries and family groups want the service from the requests for chest X-ray services. But these services will have to be cut, unless the campaign receives $10,000 more by January 20.

Christmas seal dollars save taxation dollars. This fight against disease in the "people's war against disease."

Send contributions to Christmas Seals, San Mateo, California.
